Labor, Business Plan to Develop Senior Citizen Units

Business and labor interests have joined forces in South San Francisco to sponsor and operate a Senior Citizens' residential complex, estimated to cost as much as $2 million, it was announced late last week.

In a unique joint venture, the Carpenters' Union (Local 483 of San Francisco) and the South San Francisco Rotary Club, composed mainly of business and industry executives, have undertaken the project which would provide a complete residential complex of at least 150 units. Two sites near El Camino Real are available for the building.

Tentative plans were revealed by Frank Mammini, prominent South San Francisco businessman and civic leader, one of the organizers of the project.

According to Mammini, plans call for the union to put up the initial funds covering development costs, including market studjes, soils tests, architectural, engineering, legal and administrative expenses. This might be as much as $50,000, Mammini estimated. The Rotary Club will assume the responsibility for operation and administration of the facilities.

In order to undertake the project, the two groups have formed a non-profit corporation, with a board of nine men made up of union representatives and Rotarians.

As soon as building plans are completed and work started, the board will hire a manager to operate the facility.

The project will be built under provisions of the Senior Citizens' Housing Loan program which is administered by the federal government's Department of Housing and Urban Development (HUD).

The local non-profit organization is now applying for low-interest, long-term financing which makes possible quality housing at a modest rental figure, estimated by Mammini at between $65 and $100 a month.

Rent covers all utilities and services, except telephone. Apartments will include living and sleeping areas, a built-in kitchen with stove and refrigerator, complete bathroom, drapes and wall-to-wall carpeting.

For the convenience and enjoyment of the senior citizens, the center will offer laundry facilities, social halls, dining area, television room, meeting rooms, craft areas, lobby and card rooms.

The building, Mammini said, will be attractively designed and landscaped and ample parking facilities for tenants and guests will be provided

Mammini explained that the Senior Citizens' facility is being designed to meet the complete residential needs of its occupants and provide a place where they may maintain their independence and dignity, enjoy themselves, make new friends, learn new skills and keep busy in their retirement years.

The project will not provide nursing or convalescent home facilities.

Plans call for a three-story structure. The first two floors will be used for the apartments a portion of the third floor will be reserved for the recreational and social facilities.

Site of the building will be chosen by representatives of the Housing Agency, Rotary Club and the union. It will be conveniently situated to provide easy access to shopping, transportation, library, medical facilities and community activities.

Rotary Plaza is the name selected for the South San Francisco project, the first of its type in the north Peninsula area. The nearest Senior Citizens' residential center is located in San Mateo and has a waiting list of more than 300 persons.

Working with Mammini on preliminary plans are Rotary Club representatives Robert Glidden and William Meehan. The union is represented by Alfred A. Figone, assistant to the executive secretary of the Bay Counties District Council of Carpenters, and Ray Scheffel, business representative of Carpenters' Union, Local 483.

Building plans are being prepared by Markling and Yamasaki, South San Francisco architects.

Announcement of official sponsorship of the project culminates nearly a year's work and investigation on the part of Mammini, who is responsible for stimulating the interest of friends and associates in labor and business.

A number of persons already have indicated their interest in living in the center.

Offices will soon be set up by Rotary Plaza, Inc. to receive applications for apartments in the new complex. Persons interested should direct their inqiry to Mammini at P.O. Box 7, South San Francisco. Preliminary applications are now available through his office.

Sand Tunnel Caves In, D.C. Youth Suffocates

Pacifica Beach Tragedy

By WILL THOMAS

A 14-year-old carrier boy was buried alive and suffocated Monday when the sandy tunnels he and a companion were digging in a beach bank south of Daly City's Mussel Rock dump caved in.

Bradford Craig Stein, son of Mr. and Mrs. Ernest Stein, 94 Longview Drive, Daly City, died despite the desperate rescue attempt of his 13-year-old playmate, Abraham Rivera, of 84 Longview.

The two boys were digging tunnels into the bank of the beach, located in Pacifica, near Westline Drive. Stein, when trapped beneath the sand, was attempting to make a final breakthrough to join their separate tunnels.

Rivera said he was at the top of the holes when the sand began caving in on Stein.

He said that when he heard his companion's screams, he grabbed Stein's ankles to pull him out. Stein had gone into the tunnel head-first.

It took three or four minutes

Assault, Hit-Run Charged

A Pacifica contractor who, police allege, deliberately rammed his pickup truck into a police car in which his wife and four children were riding, was captured late Monday following a high-speed chase on Cabrillo Highway in Pacifica.

The angry act, police said, resulted in injuries to five persons, including the suspect's twin 10-year-old daughters.

Two Charges

Booked at county jail on charges of felonious hit-run driving and assault with a deadly weapon—the pickup truck — was Joseph Matyus, 42, of 275 San Pedro Avenue.

According to reports of Pacifica police and the California Highway Patrol, which investigated the hit-run accident, this is what happened:

Earlier in the day Matyus located his wife, Carola, in the Linda Mar shopping center and drove her home in his truck. They argued at the home and

Panagoulias Principal At Terra Nova

THANOS PANAGOULIAS

Thanos Panagoulias, assistant principal-instruction at Daly City's Westmoor High School, Monday was appointed principal of Pacifica's Terra Nova High School.

Panagoulias, who has been in the Jefferson High School District since 1954, will succeed Dr. Harold C. Tonini, recently elevated to assistant district superintendent-instruction.

Trustees announced the Panagoulias appointment following a lengthy executive session in district offices at Westlake.

The new principal came to Daly City as a social science teacher at Jefferson High, a post held until 1956, when he became attendance supervisor and director of student activities at Westmoor.

He was advanced to Westmoor's assistant principal-administration in 1959, and in 1964 became assistant Westmoor principal-instruction.

Panagoulias received his bachelor of science degree from the University of San Francisco in 1950 and his master's from there a decade later.

He has general secondary and general secondary administration life diplomas.

He holds memberships in the California Association of Secondary Administrators, California Teachers Association, National Association of Secondary School Principals, the Bay Area Curriculum Council, and the California Association of Secondary School Curriculum Coordinators.

In the community, he is a past first vice commander of Hellenic Post No. 230 of the American Legion, was previously on the Board of Trustees of the Greek Orthodox Cathedral and is Greek Orthodox Cathedral Scholarship Committee chairman this year.

Panagoulias saw World War II Army combat action with the 96th Infantry Division on Okinawa, receiving the Bronze Star and the Purple Heart.

A Heroism Award For D.C. Officer

By FRANK LaPIERRE

The Daly City Council heaped praise on Police Sgt. Robert M. Staples Monday night for an act of heroism performed last Christmas Eve.

In commending the father of two young children, Mayor Bernard (Bud) Lycett said the city "should be proud to have such a fine example on our police force."

Staples recently received the Peninsula Peace Officers' Association annual award for outstanding performance of duty because of an incident in which he risked his life beyond the call of duty.

The incident occurred shortly after 10 p.m. last December 24 after police received a call that a man was brandishing a deer

Pacifica Tot Struck By Car

A 3-year-old Pacifica child was struck by a car on Francisco Boulevard Monday afternoon as he attempted to retrieve a pack of gum, police said.

Paul D. Pullin, son of Mr. and Mrs. Anthony Pullin, 143 San Jose Avenue, is listed in satisfactory condition at French Hospital in San Francisco where he is undergoing treatment for a concusion.

Officers said the childr dashed into the street in front of a car driven by John Burt McKeever, San Francisco, about 5 p.m.

The car was traveling at approximately 20 miles per hour, police said.

Dirt Haul Law OK'd At Bruno

San Bruno councilmen Monday adopted trucking ordinance amendments reflecting the city's landmark court victory over dirt haul contractors last year.

The new amendments, pending for more than three years during lengthy court litigation over the city's policy of imposing a two-cent per ton levy on dirt hauled over specified streets, will take effect immediately.

The new trucking ordinance allows extensive hauling on El Camino Real, Junipero Serrra Boulevard, Skyline Boulevard and Sharp Park Road.

Vehicles of 16,000 pounds or over are prohibitied on San Mateo Avenue, San Bruno Avenue, Forest Lane, Huntington Avenue, Herman Street, Crystal Springs Road and Sneath Lane.

The new trucking ordinance also includes minor revisions in permit procedure and insurance requirements.

In other business Monday, councilmen approved traffic safety committee recommendations to install stop signs at the intersections of Moreland Drive and Longview Drive and Riverside Drive and Moreland Drive.

Parking on the north side of Angus Avenue between El Camino Real and Linden Avenue was also prohibited.

San Bruno Garbage Rate Hike

A 10 per cent increase in San Bruno garbage rates was approved Monday by the city council.

The rate increase, requested by the San Bruno Garbage Company, will raise the monthly base rate for garbage service in the city to $1.90.

Councilmen noted this was the first rate increase sought by the scavenger firm since 1963, when a 20 per cent increase was granted, and the company has experienced unexpected difficulties in disposing of the city's garbage at the South San Francisco dump.

The rates established in 1963 were intended to remain in effect five years, but the firm's present difficulties were "unforeseen," councilmen said.

The South San Francisco dump is rapidly filling up, and scavengers have been forced to resort to more costly procedures in disposing of garbage, according to a firm representative.

In granting the rate increase councilmen said further increases will probably follow "especially after the South San Francisco dump is filled."

"We are going to be in real trouble if the Green Valley dump is not approved and opened as scheduled," Mayor Maurice Hamilton said.

Six Escape Blaze In D.C. Home

Daly City firemen battled a stubborn, smokey blaze which threatened for a time to involve nearby homes for almost three hours Monday night.

Fire Capt. Lyle Church said the fire was so smokey "you just couldn't see where you were going."

Six members of the Ray Burden family fled the blazing three-story home at 116 Miriam Street shortly after 10 p.m.

Burden said he smelled smoke in the house as the family was preparing to eat supper and investigated.

As he opened the door to the basement, smoke and flames greeted him.

The couple's four children, ranging in age from 6 to 15 years old, were rushed from the building to a neighbor's home down the street.

Investigators estimate damage to the home — made from material left over from the World's Fair Treasure Island — would exceed $32,500.

The fire is believed to have started in an ash trap below the fireplace and spread between the walls to the attic before being discovered.

Terrier Bites Child in Face

A South San Francisco child was bitten in the face by a dog Sunday afternoon on Arlington Drive, police report.

Michael A. Santagata, 8, son of Mr. and Mrs. John A. Santagata, 71 Arlington, was treated at Kaiser Hospital after the attack occured at 4:30 p.m.

Several stitches were required to close the wound, authorities say. The dog, a small terrier-type, has been located, officers said, and it apparently has been vacinnated against rabies.

Seniors Carolyn Ann Johnson and Robert Alsacker will speak, and an invocation and benediction will be given by the Rev. H. A. Bryant.

Both high schools of the South San Francisco Unified School District will hold their graduation exercises Friday at 8 p.m.

At El Camino High, 277 seniors will receive their diplomas from Leo Eserini, president of the board of trustees, in the school gymnasium.

Rebecca Donavan is valedictorian of the El Camino class, and Gaylee Gulbrandson is salutatorian.

Capuchino High School's 340 students will receive their diplomas in an afternoon graduation ceremony beginning at 5 in the boys' gymnasium Friday

Valedictorian is Mike Herrero. Other student speakers on the program are Don McCarney and Elaine Black, and Dr. Leon Lessinger, district superintendent, will present diplomas.

Crestmoor High graduation is at 8 p.m. Thursday in the boys' gymnasium, with 205 seniors slated to receive diplomas.

Valedictorian Richard Scott Harris and salutatorian Nicholas Anthony Kosturos head the list of student speakers. Other seniors on the speaking program are Maureen Erickson, Allen O'Brian and Clifford Roberts.

Trustee Carleton W. Herrmann will accept the graduating class and present diplomas.

Speed Zone On Skyline

A new 45 MPH speed zone is being established along a half-mile section of Skyline Boulevard, State Highway 35, in the cities of South San Francisco and San Bruno, replacing a portion of an existing 50 MPH zone, and extending from 800' north to 1800' south of Westborough Boulevard intersection.

The revised speed limit was approved by the State Highway Engineer, following an engineering and traffic investigation by the Division of Highways. Recommendations of the Division for a lower speed were concurred in by both the Highway Patrol and local authorities in the interest of motorists' safety.

rifle and threatening to use it on anyone approaching him.

According to reports, Gerald Wright, 26 First Avenue, had engaged in a heated argument with his wife, picked up his 30-06 deer rifle and blasted a hole in the ceiling with it.

The firghtened family fled the home and called police.

After talking to the distressed man for some 30 minutes from a distance, Staples stood up and announced he wanted to talk it out" and started walking towards the rifleman concealed in a second-story apartment.

"I'm coming up to talk with you about this," Staples coolly informed the 21-year-old Wright.

"If you keep your gun holstered, I'll keep my rifle pointed in the air," Wright informed Staples.

The pair stood face to face and, finally, the rifleman lowered his weapon and Staples placed him in custody.

Why did he chance it?

"I really don't know. Circumstances always dictate what a person will do," Staples said.

20 Hurt In Coast Crashes

Twenty persons were hurt during the weekend in four traffic accidents on Cabrillo Highway on the San Mateo County coast.

Eight children were thrown through the roof opening of a camper-van Saturday night when it flipped over in Half Moon Bay after colliding with another auto. Two women in the cab were also ejected. All ten were injured and taken to Sequoia Hospital.

Highway Patrolmen Ralph Torantore and Ben Donahue said the accident involved the van driven by Mrs. Margarette Riner, 50, of Seaside, and Lewis Lee Weimer, 51-year-old mechanic of 510-A San Antonio Avenue, San Bruno. Mrs. Riner said she was southbound at 6:15 p.m. when she came upon a slow car, occupied by three elderly women, driving partly on the highway, partly on the shoulder. Just as she veered to pass the car, Weimer started to pass her on the left. As Weimer cut back in, his car clipped the van, causing it to go out of control and flip over on the shoulder.

Half Moon Bay police and sheriff's deputies adminstered first aid to the victims until two ambulances arrived and took the victims to the hospital.

Mrs. Riner, who suffered head injuries and multiple lacerations, was the only one of the group admitted. She was reported in fair condition today. Treated and dismissed were Mrs. Margaret Free, 35, of Seaside, and these children: John, 7, and Karen Riner, 9; George, 6, and Kaylene Free, 7; Victoria Miller, Catherine McNeill and Nancy McGee, all 10, and Betty Wahl, 9.

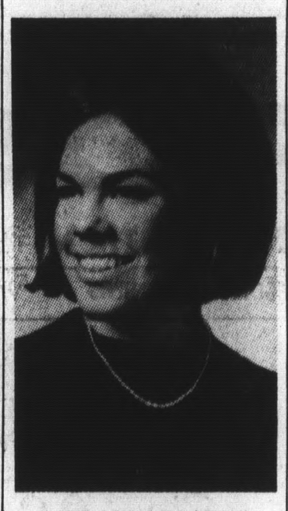
Two Pacifica women and four children were injured Saturday afternoon in a crash in Pacifica at Mori's Point Road.

Highway patrolmen said traffic stopped and a sedan driven by Irene Kennedy, 37, of 1307 Capistrano Drive, crashed into the rear of a pickup truck driven by Jean Nobilia, 28, of San Francisco.

Treated at Mary's Help Hospital were Mrs. Kennedy; Mrs. Marjorie Snead, 32, of 20 Elm Court; Jill Snead, 4; Joni Snead, 3; Barbara Bates, 6, and Jill Bates, 5.

Three San Franciscans, Clement Yang, 18, Edwin Yang, 11, and Ida Gaddini, 72, were hurt last night in a crash on Devil's Slide.

Mrs. Valentina Chichkanoff, 51, of San Francisco, was hospitalized yesterday afternoon following a three-car accident in Pacifica.



MELANIE SOARES

Bruno Girl Wins Health Career Award

Melanie Marie Soares, one of three recipients to receive a Health Careers Award from the local chapter of the March of Dimes, was announced by Paul V. Claudon, chairman of the Selections Committee.

Mr. and Mrs. Eugene F. Soares of 150 Cypress Avenue, San Bruno, are the parents of Melanie. She is a senior at Mercy High School in Burlingame, and plans on attending the San Francisco State College of Nursing in the fall to get her baccalaureate degree.

To help with her education, Melanie has worked as a dental assistant and receptitonist for the last year, working 2½ hours daily after school for five days a week.

Before she started working, she was a member of the Girls' Athletic Association, Legion of Mary, Confraternity of Christian Doctrine, Young Christian Students, Junior Class president, Student Council and a member of St. Robert's Teen Club.

Youth Job Center In D.C. to Open

Daly City youth job center is scheduled to open on Mission Street on June 19.

Located at 6636 Mission Street, the center is directly across the street from the War Memorial Building.

Primary purpose of the center will be to help students obtain work for the summer months. In some cases, the center will attempt to place young people in permanent employment.

Paid for with unused funds from the federal Neighborhood Youth Corps Program, the center is an agency of the San Mateo County Human Resources Commission. Preliminary work is being done under the direction of Mrs. Cathy Smallwood, a Daly City resident who works with the Human Resources Commission.

Matyus called police and told them that he wanted his wife out of the house. Matyus told officers that he had seen his wife with another man. She denied the accusation but said she had seen an attorney.

Matyus did not want the children to leave with his wife and it was finally left up to them. They chose to go with their mother.

Police Officers Richard Comollo and Anthony Guardino and Fireman Richard Rawlings finally decided to take Mrs. Matyus and the children to the home of friends for the night.

With Comollo at the wheel and the other men in the front seat with him and Mrs. Matyus and the children in the back seat, the police car was going east on Linda Mar Boulevard at 10:25 p.m. when Comollo saw in the rear-view mirror the bright lights of a vehicle coming up fast. Then the patrol car was struck from the rear and knocked temporarily out of control.

Money Matters Tabled

Their budgetary efforts stymied because of the cloudy state educational financing view, Trustees of the Jefferson High School District in Daly City and Pacifica Monday tabled all monetary expenditure proposals.

The trustees have several major employe benefit demands to consider, as well as a budget that so far remains "slightly out of balance," according to District Supt. Ed Morgan.

Also shunted aside pending a clearer picture of State financing is a proposed 1967-68 extra pay schedule designed to allocate extra pay for extra work to not only coaches, but advisors of other extra-curricular activities as well.

Adoption of a fully district paid health plan for employees, and dental insurance, also was put off for the same reason.

A board decision to table action and discussion of the extra pay matter — a highly controversial topic — ired members of the Jefferson Union High School District Teachers Association (JUHSDTA).

In a news released issued immediately after the meeting, Jim McKenzie, JUHSDTA president, charged that "many" (at least five, he said later) teachers were not allowed, as individuals, to address the board the "burning issue."

Trustees had determined that since monetary proposals had been tabled, that they would not discuss further extra pay at this time.

"Several teachers desiring to address the board submitted cards, as board rules prescribe," McKenzie pointed out. "After allowing one teacher (McKenzie) to speak for less than two minutes, the board decided to table the matter," McKenzie explained in his release.

McKenzie had told trustees several teachers submitted, through proper channels, cards noting their desire to speak, and that many would be on vacation when the trustees again met.

Trustee Ray Milton commented that the board "will not be on vacation," noting the teacher groups could send representatives for those unable to attend.

Written statements were urged by the board.

In his release, McKenzie stated that JUHSDTA was "shocked" to see the board "cut off" people from speaking about such a "critical matter."

McKenzie added:

"JUHSDTA hopes that such silencing action will not be used again by this board."

He cautioned that the teachers "will not take such action lightly."

Morgan has urged denial of a 10 per cent hike in clerical salaries, and of a proposal to grant Friday as a day off for non-teaching employees when a holiday falls on a Saturday, or pay employees two extra days' pay for holidays "lost" in 1967-68.

The superintendent said, concerning the holidays and vacations, that this type of request currently is under discussion in the State Legislature and should be handled there.

Morgan recommended approval for overtime pay for all classified employes, but stiuplated he wants a board directive to outlaw all overtime in the district except in emergencies and after prior approval of the assistant superintendent-finance is obtained.

He recommended denial, also, of a request for a 37½ work week for classified employees, but calls for approval of a five percent additional payment for 2 p.m. to 5 a.m. shift work, as well as guaranteed four-hour minimum pay for employees called out for, or scheduled for overtime work. A five-hour minimum had been sought.

He urged tabling of 5.6- to 6.1 percent teacher salary increases, and denial of a union demand for an eight percent hike.

Morgan also asked denial of a union request to stop work on Serramonte High School.

He said the need for Serramonte was established by the 1960 Stanford study.

"To stop work now would not only be wasteful of taxpayers money and effort, but could result in a taxpayers suit," Morgan said.

Hydrants Win In Budget

City-wide fluoridation lost and fire hydrants won in the first go around of the 1967-68 budget brought before the Daly City council Monday night.

Cost of fluoridating the city's water supply would not have exceeded $12,000, according to City Engineer Art Reschke.

But the council, going along with city manager Edward Frank's recommendation, trimmed the item off the proposed budget.

Replacement of several "inadequate" hydrants in the older sections of Daly City was put back into the budget over the objection of Frank.

Improvement of the existing hydrants amounts to some $4,500.

Frank had recommended the cost be spread over a three-year period rather than lumped into a single year.

The informal budget session followed Monday night's regular council meeting.

Deadline for adoption of a preliminary budget is June 30, with the final budget and tax rate set for late August.

This year's proposed budget figure was expected to be within $50,000 of the 1966-67 figure of $5,411,284.

Where to Start?

Jeff El Trustees Must Hack Budget

Biggest question facing trustees of the Jefferson Elementary School District board today is: where to start hacking at the proposed 1967-68 budget.

With less than a month remaining until the budget deadline on June 30, the "revised proposal" budget tops last year's figure by more than $1 million — a $.55 increase to the already overburdened taxpayer here.

And both classified and certificated personnel have asked the board for higher salaries in the coming year.

Speaking on behalf of the Finance Committee of the Jefferson Classroom Teachers' Association last Tuesday, Louis Schandler proposed a four-point program "to maintain the necessary competitive salary position of teachers in the district."

The proposal included a request for a nine per cent across-the-board pay increase and inclusion of a new health plan for teachers.

"The proposals would cost an additional $400,000, including the salary and health plan recommendations," Superintendent Frank Greenwood said.

He said the community would have to "come to grips with itself" over where this money would come from.

The present minimum salary in the district is $5,810. The minimum salary being recommended by the JCTA is $6,000 for beginning teachers.

"We do want the district to continue to be able to recruit the best possible personnel," Schandler said.

Schandler also asked the board to consider a health plan which would allow teachers to choose their own protection and requested a maximum $15 per employee be paid by the school district toward this plan.

Classified employees of the district have likewise asked for a general salary increase of 7.5 per cent along with inclusion of a revised health plan similar to that requested by the teachers.

Further studies on the proposed $6,930,486 budget for the coming school year were expected in a determid effort to trim the figure, Trustee Thomas Noonan said.

Youth Work Program OK'd

Three additional summer work programs for youth — in East Palo Alto, Redwood City and Daly City — were approved last week by the County Human Resources Commission.

The programs, if approved by the Federal Office of Economic Opportunity, would ge financed with what the commission chairman, Harry Bremond called "anti-riot money."

George T. Riley, acting dector, said there is a "good possibility" that the money will be allocated from a $75 million supplemental OEO appropriation for special summer projects for youth.

The East Palo Alto project, to be sponsored by Day School Inc., a non-profit corporation, will employ 121 teen-agers for an eight-week period. Robert Hoover, who will be project director, told the commission that youngsters in the Neighborhood Youth Corps program will also participate, raising the total to about 200.

The teen-agers will take intensified education-oriented instruction and drill during the morning hours in English, math, speech and reading. In the afternoon, they will conduct neighborhood block classes for children in the 4-6 age group, supervise recreation activities for the youngsters and attempt to involve as many adults as possible in the project.

"This is not just something to give the kids something to do during the summer," Hoover said. "It is to make them feel like they are part of the community and make it possible for them to contribute something to the community."

A precise budget was not submitted but was expected to be in the neighborhood of $60,000.

Some members of the commission wanted the program to be offered on a countywide basis and not be restricted just to the East Palo Alto-East Menlo Park area. Hoover, however, insisted that the program was "written by the people of East Palo Alto for the community of East Palo Alto" and urged that the funds not be diluted by extending the project countywide.

The commission finally decided that it should apply only to that area and that the other work proposals could emphasize jobs for youth in other sections of the county. A large group of East Palo Alto-East Menlo Park residents stood and cheered the decision.

The other projects would hire teen-agers to make poverty condition surveys in the Redwood City and Daly City areas. Riley noted that a number of Redwood City residents had petitioned to be excluded from the so-called "poverty pocket" designated by the commission.

There is a lack of adequate up-to-date information on poverty conditions, Riley said, resulting in the inclusion of some areas in the poverty designation that should not be included.

Thirty-seven persons will be hired in Redwood City to make the survey there. A budget of $28,206 is proposed.

The same type of project in Daly City, to cost $15,248, will hire 19 youngsters.

Dental Help Finish Class

Seven College of San Mateo dental assistants from the North County received their caps during public ceremonies in the campus theater last week.

Certificates of completion of the two year course was awarded by Carl E. Ward, president of the board of trustees, after a welcome by Bernard A. Gjerdrum, director of vocational programs at CSM.

Guest speaker for the evening was Dr. Bertram H. Kotin, representing the San Mateo County Dental Society.

Graduating students receiving their caps and pins from instructors Betty B. Rue, Claire B. Langston and Elizabeth L. Witzel were: Shirley Bolander (Colma), Jacqueline (Daly City), Peggy Locke, Mary Beasworrick, Nancy Woodworth and Nancy Dirking (all of San Bruno); and Karla Muller (South San Franicisco).

Shortage Of Doctors Here

Many persons who require the services of a physician are well aware those who predict a coming shortage of doctors are wrong on only one count — their timing. The shortage is here.

Perhaps it always has been so. It was not uncommon for a horse and buggy doctor of a bygone era to stay overnight with an ill patient or spend many hours traveling to and from a call. Lack of communication frequently meant he was out of touch with the rest of his patients for long periods of time.

What those who cite study after study to prove their contention of serious doctor shortages fail to make clear is their definition of a normal supply of this professional talent. Even when they do offer a ratio of so many patients to a doctor, they are speaking of contemporary standards.

Both the understanding of medicine and the practice of it have changed so greatly in recent decades that a ratio which may be ideal today may be totally inadequate tomorrow. Medicine not long ago concentrated largely on the treatment of diseases and accidents after affliction.

Today, medicine is at least as greatly concerned with the prevention of ill health as it is treatment. Everything points to further concentration on the preventive side in the future.

Population growth is widely blamed for the need for more physicians. The Brookings Institution, which has published the latest such study under the title, "The Doctor Shortage: An Economic Diagnosis," projects a 25 per cent increase in demand for doctor services for the decade which began in 1965. It blames population growth and rising incomes for the demand.

These are not the only reasons. The overcrowding of hospitals and other facilities caused by the introduction of the federal Medicare program, as well as subsidized medical services in several of the states, is a politico-social change which is placing a heavy burden on the profession of medicine. Doctors' offices have become paper mills to satisfy the clerical requirements of government programs and mass insurance plans.

It is true the nation needs more doctors, and will need ever growing numbers in the foreseeable future. But it is also true that much of the work the doctor of today is expected to do is more of an administrative or non-patient variety. Paralleling the need for more physicians is the need to get more physicians back into the practice of medicine on a full-time basis.

Expert Says The M-16 Rifle 'Fine'

Frank LaPierre

WEEKEND WARRIOR DEPARTMENT — As an Air Force reservist (volunteer type) we have an obligation to serve two weeks on active duty each year. And if that isn't thrill enough, we further risked our life daily commuting on one of California's freeways between here and Travis Air Force Base in Fairfield.

☆ ☆ ☆

TWO THINGS were made abundantly clear during our stay in uniform:

The controversial M-16 rifle is a fine piece of equipment and the Esprit de Corps of our military is exceptionally high — contrary to what a lot of "grass roots" Americans would believe.

At the risk of offending some high-ranking congressman who has taken it upon himself to travel to Vietnam for the purpose of investigating this weapon, following a rash of complaints concerning its adaptability to jungle fighting, an expert on the M-16 considers it one of the finest pieces of equipment he has ever handled.

Asked for the reason for the M-16 jamming in the field, Technical Sgt. R. James — considered an expert on the rifle — could not supply any single answer.

He said there are numerous malfunctions that could happen "but if the weapon is handled right nothing should go wrong."

How about all those complaints, James was asked?

"Don't know, I wasn't there. All I know is how the weapon has performed for me and the hundreds of military personnel handling it each week."

'Course James allowed he has never fired it in combat.

☆ ☆ ☆

AND WHETHER THOSE fuzzy-cheeked kids returning from Vietnam like military duty or not, they all say the same thing — we gotta be in Vietnam. They follow that up with a lot of qualifying statements that seem to have come out of the same brainwashing session.

Only it isn't just chatter — they actually believe it.

A five-minute coffee klatch with any of them and you realize these fuzzy-cheeked kids are a heck-uva-lot more mature than some of the more heavily bearded counterparts cluttering up this part of the country.

☆ ☆ ☆

WE'VE BEEN ADVISED by a certain PR type working for a certain elected representative to read Dale Carnegie's book "How to Win Friends" (and get along with influential people?). Our only answer to this suggestion is a followup suggestion: That the writer read "Primary letter composition." It was that poorly written.

☆ ☆ ☆

A NEW KICK FOR INSOMNIACS: Town and Country Billiards in Daly City is now open 24 hours a day on weekends, "in order to accommodate billiard players who have trouble sleeping," according to managers Stan Cleaner and Gordon Emdee. Now that we think of it, pocket billiards is a relaxing game. But can we come in our P-J's?

Bubble Gum Fun...

Bubble gum can be fun, especially when you can blow the biggest bubble for the Vista Grande's special Bubble Day Event, sponsored by the Daly City recreation Department. Sometimes those nice, big bubbles pop and then it is a matter of quickly getting your hair pulled free for the next bubble match.

Forty Vista Grande Playground youngsters entered the bubble matches and it was a close, sticky, "finals' match between Maria and Mildred Weatherbee for the largest bubble. What made it so difficult to judge the two nine-year-old finalists was that they were twins and telling one bubble from another was hard enough.

After several efforts, Mildred's bubble, which was larger than her head, won by default over Maria's which made an untimely pop.

Placing third was Cathy Symons, age nine, fourth place went to Denise Miller who had some advice for future bubble gum participants.

"Chew the gum a long time, when it's fresh and you can't get big bubbles. You should chew it for more than a day."

Fifth place went to Randy Hall, age five, and sixth went to Ronnie Bess, age nine. Carlos Ocohoa was given an honorable sportsman's mention for his efforts to blow a bubble for three days.

He was unsuccessful in every match, but cheerfully claimed he enjoyed chewing the gum and watching the others get it stuck in their hair.

The Recreation Leader for this facility is Patsy Walker.

The Middle East Has Its Problems

Samuel Chandler

It is difficult for one accustomed to the great spaces of the United States and the freedom of movement from state to state that we enjoy to appreciate the problems that lead to wars in the Middle East.

The whole area from Iran to Algeria is no larger than the United States, yet it contains 18 independent nations, each jealous of the others; each unwilling to cooperate though several share a common language and a common religion.

In the center connecting all the nations of the Middel East, lies the narrow land of Palestine. For each it is or has been a roadway for commerce and conquest. East of it is the impassable Arabian Desert; west of it the Mediterranean Sea.

☆ ☆ ☆

THE NATIONS of the Middle East are strong when this roadway is open, weak when it is closed. But history shows that every nation since time began that has possessed Palestine has closed it to all others. This is the reason it has been subjected to constant warfare.

Indeed since David, the Biblical king, gave control of Palestine to the Children of Israel, about 1000 B.C., his capitol city has endured at least 39 sieges and been destroyed at least five times.

Currently, five nations — Syria, Lebanon, Israel, Jordan and Egypt — occupy portions of Palestine. Each of them has a culture that differs somewhat from the others, even though they have a common Semetic origin, and all but Israel share a common religion.

Each has a national pride that makes cooperation between any of them for a sustained period of time impossible.

The land of Palestine is scarcely more than 150 miles long and but 50 miles wide in some places. Traveling from the sea coast to the Jordan River one climbs from sea level to an altitude of 2,500 feet in the Judean Hills before reaching Jerusalem which is less than 50 miles from the sea.

From north to south the topography is even more erratic. Mt. Hermon in the north is 9,200 feet high. Scarely 100 miles away lies the Dead Sea which is 1,360 feet below sea level.

☆ ☆ ☆

EVERY PEOPLE — from the Paleolithic relative of the Neanderthal man to the present Jews and Arabs — have made Palestin the center of their religious activities. In pre-historic times the center of each town was sacred to the inhabitants as the home of the gods. Thousands of men died defending these holy places.

To the ancient Israelites it was a "land of milk and honey," a chosen land for a chosen people. To Arabs under Abu Bakr it was a "place for a holy war." The Christian Crusaders from Europe called Palestine a "sacred ground." To modern Jews it is a national home, to modern Arabs, on the other hand, "a land of holy places."

A recent history of Israel by Irving Miller calls Palestine the land of eternal ideals. He finds in the history of the Israelites the origin of the worldwide concepts of individual morality of social justice and universal peace.

☆ ☆ ☆

Rabbi Miller's book argues that the modern state of Israel is the lineal heir to the land of the ancient Jewish kingdoms. "Modern Israel," he writes, "should be contemplated in historic depth and not merely in terms of its visible surface."

☆ ☆ ☆

A MORE comprehensive view of the problems of Palestine and its neighbors can be found in Emil Lengyels' "The Changing Middle East." Here are sketches of the events, trends, and personalities that figure in the present crisis. Here, too, is a discussion of the Soviet Union's enigmatic role in the Middle East.

A longer discussion of the place of communism in the area may be found in "Challenge in the Middle East," by Harry B. Ellis. The author is an experienced newspaper correspondent.

He examines communist infiltration, pictures the U.S. policy in the Middle East and comments on the government of President Nasser.

"Put Off Thy Shoes," by Elizabeth Hamilton, tells of the journey of a Western woman through Israel and Jordan. Her observations give the reader a greater understanding of the religious and emotional problems behind the present trouble.

☆ ☆ ☆

AMONG other books of importance are "The Middle East in Transition," by Walter Z. Laqueur. "There Goes the Middle East," by Alfred M. Lilienthal, and "From an Antique Land," by Julian Huxley.

Barbara Bladen

Jean Pierre Aumont is looking for a woman. She's a special person: an honest woman.

Reason for the search, which he'll reward by inviting the nameless Peninsulan to be his guest at "South Pacific" at Circle Star Theater, began three years ago when the handsome Frenchman was honeymooning with his bride, Marisa Pavan. They were on their way to Honolulu and she left her diamond engagement ring in the ladies' room of the S.F. International Airport.

Having lost, it almost ruined her trip but when they returned to San Mateo, it had been found and turned in by a Spanish woman whose name Aumont never knew. He now wants to reward her and the sheriff who contacted them by ahving them attend the musical production in which he'll sing the male lead.

Anyone knowing the identity of these two persons may contact Hanns Kolmar at the theater in San Carlos.

The Bay Area holds other fond memories for the film star. He began his professional career in the play "Rose Burke" at the Curran Theater with Katherine Cornell in 1940.

"I didn't speak a word of English but learned the lines phonetically. I'd been in three plays by Henri Bernstein and when he wrote 'Rose Burke,' I was recommended. It began in San Francisco and toured the country but never played in New York"

During that engagement Aumont was in this country on a visa from Honduras. He was spotted by a Hollywood talent scout who signed him for a seven-year contract. His first American movie, and possibly his best was "Cross of Lorraine" and in 1943 he made "Assignment in Brittainy." By then the war was in full swing and the rising young actor broke his contract and returned to his homeland to fight with the free French.

When did he become a singer? Only three years ago when Vivian Leigh asked him to join her in the Broadway musical, "Tovarich." Now he'll repeat the Ezio Pinza role in "South Pacific" with the vivacious Betsy Palmer. He teams with his wife for a supper club act but her Italian accent limits the number of musicals she can do.

THE AUMONTS WILL APPEAR TOGETHER this year in a new play, "Double Image." Meanwhile, she remains in New York with their family though expected here for yesterday's opening at Circle Star Theater. Miss Pavan is the twin sister of actress Pier Angeli.

Looking back over the 20 films he's made in the States, Aumont lists "Lili" with Leslie Caron as his favorite. What type of roles has he done during that time? "Unfortunately, I'm always cast as the romantic lead," he sighed, romantically.

Aumont is the epitome of the suave, continental lover type. He's charming, handsome, softspoken, attracts the admiring looks of everyone in the room and makes one feel utterly feminine. We dined together over an exquisitely prepared special menu by Tommy Toy at the Imperial Palace and the only thing missing from a girl's dream of romance with a captivating French film star was his failure to kiss my hand in the European manner. Too bad he's become so Americanized as to omit that touch of old world elegance.

We spoke of his first wife, the dark-haired beauty, Maria Montez who died tragically 16 years ago. She was Spanish, born in Santa Domingo and the mother of their 21-year-old daughter.

"She never got a good picture and it's too bad because she was so well liked. I still get lots of letters from people who loved her," he commented.

A Dog's Ordeal With a Wheel

Will Thomas

THERE'S a dog in Pacifica that probably won't ever chase cars — except for pure revenge.

We mean the one that got its head stuck in the hub hole of an old Studebaker wheel last Friday.

One of a litter of five four-week-old "cocker spaniel type" pups owned by Mrs. Helen Riely of 373 Brighton Road, in the Sharp Park region, the brown and white puppy learned at an early age certain hazards of a car wheel.

☆ ☆ ☆

PACIFICA firemen said the incredible tale began with the pup's thirst in mid-afternoon.

"It" — sex and name were unknown — discovered water in the hub hole of the wheel, which was in the Riely front yard.

The puppy apparently lapped and lapped in great eagerness to get down to the last drop in the "bowl." In the process, the dog's head became stuck.

Mrs. Riely's attempts to free the puppy failed and the firemen, accustomed to tedious, tricky rescues, were called to use their ingenuity.

☆ ☆ ☆

FIREMEN Harvey Georgeson and Wally Northrop tried to "work out" the dog's head. When this failed, they attempted a "slick out," using soap, then oil.

Not succeeding along these routes, the firmen picked up the dog — wheel and all— and dashed to Folger's Sheet Metal Shop, where Bob Folger and his son John accepted the "torch out" challenge.

With the aid of the firemen, the Folgers began the cutting chore, with the dog wrapped in a wet blanket to prevent serious burns to the animal.

Firemen wielded a water extinguisher to keep the blanket wet throughout the operation, which was a success.

☆ ☆ ☆

FREED, the pup was returned home with only its ears — perhaps its doggish pride, too — the worse for wear after an hour's lesson "have an unusual opportunity this summer to on The Wheel.

And Fireman Georgeson and Nortrop returned to their station — Georgeson to treat the four small burns on his hands suffered during one of his most memorable rescues.

WESTLAKE accountant Alfred O. Belotz, who spends a whale of a lot of time working with area Boy Scouts, is looking for help from local residents in finding housing for some 700 foreign scouts expected to visit the Bay Area prior to (and following) the first World Scout Jamboree to be held in America.

Belotz, who has been active in Bay Area scouting for 15 years, said the Jamboree, which will be at Farragut State Park in Idaho, August 1-9, will attract scouts from over 60 free nations.

"Families of the Bay Area," Belotz said, "have an unusual opportunity this summer to assist in world friendship and understanding on a people-to-people basis."

☆ ☆ ☆

HE EXPLAINED that the youngsters, ranging in age from 15 to 18 years, will be in the area for several days.

For instance, the San Francisco Bay Area Council of Boy Scouts revealed 165 Danish Scouts and their leaders are due from July 20-22; the Swedish "delegation" from July 24-27; the Australian Scouts at the same time.

The Bay Area Council, which encompasses Daly City units, asks scouting families to house the foreign youngsters, who are described by Belotz as "the cream of the crop" from their respective countries.

Interested families should call Belotz at 755-4776.

THE UNDERTAKINGS of some of Jefferson Elementary District's schools are fantastic.

Yesterday, for example, Thomas Edison students wrapped up their production of "Sound of Music" and it still seems incredible that these youngsters would tackle such a mammoth project. Reports indicate the effort was not in vain.

From our first-hand observation we can say Fernando Rivera School's "Peter Pan" was stimulating. It shows what patient directors, coupled with obvious student interest, can do. And, more power to 'em.

More schools could find the challenge worthwhile.

THE JEFF High District's adult education continues to grow.

Tom Redmond, who heads the division, notes there were about 8,000 adults enrolled in over 100 educational sections varying from basic education and preparation for American citizenship to arts, crafts, and foreign language.

The night classes ended last Thursday and already Tom has his eye on two new courses for next term — elementary education and English for foreign speaking individuals.

Read Home Study School Pact First

Lorene Beasley

It is the time of year when high school students who do not plan to go to college consider enrolling in a home study course. This year it has been estimated that approximately five million Americans will enroll in some course of home study.

There are more than 150 colleges, universities and agencies offering correspondence instruction in the United States. Over 750,000 students enroll in approximately 450 private home study schools yearly.

Trading on the current emphasis on education, many questionable and some outright fraudulent correspondence schools have sprung up over the country. The Post Office Department has 102 schools now under investigation with 26 operators under indictment.

☆ ☆ ☆

IN the past five years 37 have been convicted of running fraudulent schools. The president of one training service was sentenced for mail fraud after grossing an estimated $1 million in exchange for promises to train ambitious and seldom qualified people for civil service jobs.

There is no "civil service" school which qualifies anyone to become a "guaranteed" Federal employee.

The FTC complaint against two schools offering instructions in data processing operations claimed the schools falsely advertising starting salaries would be $400 to $600 per month or more. Graduates found that jobs were scarce and paid less than the expected $400 when they did find one.

The usual method of operation for such schools is to advertise in newspapers or by direct mail with the emphasis on job openings rather than the study aspect.

Responses to such ads are followed up by salesmen who give a hard pitch for their respective schools. Often these pitchmen call themselves "registrars" and promise employment upon completion of the course.

☆ ☆ ☆

IF you are planning to enroll for a correspondence course, the following suggestions may help you:

View with suspicion schools that advertise courses under such headlines as "Help Wanted," "Men and Women Urgently Needed." If a salesman informs you that the school he represents has been recommended by your high school principal or superintendent, check on it.

If he states that you were specially recommended for enrollment check on it. Insist upon an official catalog or brochure of the school the salesman represents. Reputable business colleges and trade schools rarely hand out scholarships that constitute a cut-rate tuition. The good school doesn't find it necessary to cut prices.

☆ ☆ ☆

REMEMBER—the application the salesman gives you just may be a contract. Read it carefully before signing. The contract may require that you pay the full cost of the course irrespective of the portion of the course completed.

Aviation Week On Peninsula Slated

North Peninsula residents will express appreciation to the area's most vital industry, aviation, next week in a series of activities highlighted by an "Aviation Week Banquet" Thursday night in Burlingame.

Guest speaker at the banquet will be Sen. E. L. Bartlett (D-Alaska), a member of the Senate Aviation Subcommittee and senior senator from Alaska.

The week's activities will begin Monday, with several major airlines holding "open house" each day through Saturday.

United Airlines will conduct tours twice each day through its maintenance base facilities at International Airport.

Guests participating in the 30-minute tours will have an opportunity to go aboard one of the airline's 200 jetliners.

The United tours will begin at 10:30 a.m. and 2:30 p.m. each day.

Saturday, the Federal Aviation Administration will hold open house at the San Francisco International Airport traffic control tower.

Tours through the tower will be conducted by tower watch supervisor Joe Pidd, 10 a.m. — 6 p.m. Saturday.

The public will also have an opportunity to view Federal Aviation Administration movies in the tower training room Saturday.

Tuesday, the San Bruno Chamber of Commerce, sponsoring organization for the Aviation Week activities, will hold a special meeting at the airport.

Chamber members and guests will tour the United Airlines facilities following a 6 p.m. buffet dinner meeting in the cafeteria.

The public is also invited to attend this meeting, C of C Manager Dick King said, and tickets are on sale at $2 each.

The Thursday night banquet will be held at the Hyatt House Restaurant in Burlingame, with the cocktail hour beginning at 7 p.m. Dinner will be served at 8:30 p.m.

Portable TV Taken in D.C.

A portable television set was taken from a Daly City residence in a daytime burglary Thursday, police reported.

Officers said the TV was taken from the Schwierin Street home of Wallace Higgins between 7 a.m. and 6 p.m.

Holdup Plan Backfires In Millbrae

If the three men arrested by Millbrae police at 3:45 a.m. Friday are the men who held up El Rancho Motel, they outsmarted themselves.

Those arrested are: Alex A. Solovieff, 24, San Francisco; William M. Nappi, 21, Daly City, and John R. Hensler, 20, San Francisco.

The three are to be arraigned in Central Judicial District Court in San Mateo today on charges of armed robbery.

Policeman John Marty arrested them on El Camino Real two blocks north of El Rancho. Money taken in the robbery, and a gun said to have been used, were found in the trio's possession.

Marty did not know he was looking for a trio. That's where the robbers tripped themselves up.

At 3:40 a.m. a man had walked into El Rancho, pointed a .38-caliber revolver at night clerk Herb Bassett, and asked for the money.

Taking all the cash, "less than $100," the man disappeared and Bassett called police.

Outside, the gunman joined two other men. Two of them got into the trunk of a late sedan, one of them drove.

Bassett told police there was one holdup man, and that's what officers were looking for, one man.

So, Marty stopped Hensler, supported by two San Bruno police officers.

Wide S.S.F. Participation In CRASH Project Cited

Municipal Judge Jose deLarios, overall director and county co-ordinator for CRASH (Citizens Revolt against Slaughter on the Highway) recently announced that members of the Police and Fire Departments, the Chamber of Commerce, the School District and the Civil Service Employees Insurance Company are all participating in the South San Francisco CRASH program.

The first safety inspection program in South San Francisco will be on June 10, reports Frank Wortenberg, local CRASH Program Chairman. Checking sites for June 10, 12 and 24 will be at the QFI and Siri's Markets from 10:00 a.m. until 6:00 p.m.

"Purpose of the safety inspection program is to insure safety consciousness for all drivers prior to the large traffic flow July 4." reported Judge deLarios.

Members of CRASH will supervise inspection checks by high school students and their instructor Clarence King. The safety check teams will call the driver's attention to any visual defects which make a car unsafe. The students will inspect tail lights, head lights, and examine the car for leaky mufflers, exhaust pipes, and note these conditions on a special form presented to the driver. Windshield wiper blades will also be checked, according to Wortenbeg.

The traffic flow will be coordinated by the Police Department and the Shop Towel Company will contribute the necessary rags and work smocks for the inspection teams.

Other members of the SSF CRASH Committee include: R. P. MacDuff, representative of the Automobile Industry's Highway Safety Committee; Sgt. Gus Nicolopulos, SSF Police Department; Battalion Chief John Drago, SSF Fire Department; and Mario Gaglioli, Civil Service Employees Insurance Co.

Oceana Coach New NPL Commissioner

Kennedy To Head League

Robert E. Kennedy, for the past five years a business teacher at Oceana High School in Pacifica, is the new North Peninsula League Athletic Commissioner.

The Board of Managers in the NPL appointed Kennedy to the position last week, according to Robert Watt, principal at Oceana High School.

"His primary duties will be working out the schedule for the NPL sports program, and being a liaison with the press. He will be directly responsible to the Board of Managers," Watt stated.

Kennedy takesover for Owen Kashaveroff, who said that "personal reasons forced him to give up the post." Kashaveroff is also the athletic director at El Camino High in South San Francisco.

Kennedy, a resident of San Mateo, is 34 years old and a veteran of the coaching ranks. He has coached football, basketball, track and wrestling.

At Oceana, Kennedy assisted in frosh-soph football, wrestling and track the first three years he was at the school. For the past two years he has confined his teaching to the business department.

A former football player at the University of Pittsburgh, where he majored in business administration, Kennedy was also an assistant football coach a Lock Haven State Teachers College in Pennsylvania.

Ram Golfers Sweep Tourney

Westmoor Ram golfers swept the North Peninsula League finals last week, taking first, second, third and fourth places.

Terra Nova Teens Seek Recreation Outside Pacifica

By Maxine Goerke

"Pacifica is for the birds . . . it should fly the coop!"

This rather negative sentiment, predominant in a recent survey, more or less sums up the way 93 per cent of Terra Nova's students feel about the recreation situation in Pacifica.

Because of this general attitude, 39 per cent of 164 students polled (eight English classes, two from each grade) stated they would rather seek their recreation outside Pacifica.

San Francisco is the most popular destination, because, as one student said, "it is only a short distance away and its abundant recreational facilities are there just waiting for us . . ."

Inside Pacifica, the leading recreational spot is the beach, gaining the attendance of 24 per cent of those polled.

Explaining the popularity of the beach, one teen quipped: "It's the only place around here you can have fun and not get charged for it."

Functions at Terra Nova, such as dances, swimming, athletic and dramatic events, are attended by 15 per cent of those polled.

For reasons of their own, 13 per cent of the Terra Nova students prefer to stay home rather than go out. (Another nine per cent don't really go anywhere, but just "loiter in the shopping centers.")

Twelve per cent of those polled listed sports events as their recreational preference, and 11 per cent prefer theaters.

A seven per cent minority are "happy with Pacifica the way it is.'

Coach Retires . . . Nostalgia Strikes

Le Pacini

Dennis Lanterman's retirement as track and field coach at Terra Nova after seven successful years at that helm, spikes this column with nostalgia. Purely for selfish reasons. Lanterman was good copy.

There was never a time when Lanterman didn't have something to say about his boys, even if it was baseball season. If you said hello to Lanterman, or worse yet, "What's doing?", Lanterman would tell you what was doing.

★

HE'D TELL you for an hour, and you'd walk away with two horus' copy. Open a conversation about the weather, and you'd risk an up-to-the-minute report on the condition of every track in Northern California — and what his kids probably could do under these conditions.

Lanterman was an eternal optimist; and often, to tell the truth, exaggerated a point somewhat. Every one of his kids was, "Great," everything a boy did was "Great." A kid would tumble on the starting blocks and Lanterman would tell him he looked great falling on his face.

It was a philosophy the kids dug and to which they usually responded. After a while they would, indeed, think they were "Great," and proved it by winning an NPL title and by once being ranked the fourth best prep cross-country team in the nation.

★

ONE of our first columns (for — heavens forbid — another weekly) concerned the multitude of school track records which were being broken by the new high school, Oceana. (At that time Terra Nova was known as the Oceana Seahawks and splitting a double session with Westmoor.)

We enthusiastically did a piece on the tremendous job the upstart tracksters were doing. It took us a week after the column appeared to figure out why.

As a new school, naturally, every new event completed by Oceana-Terra Nova constituted a new school record simply because there weren't any old school records in the book!

Lanterman hadn't fibbed. His boys were setting new school records almost daily. And what was more important than having convinced an inexperienced sports columnist that his boys were that good, he had convinced his boys!

★

HOW THE MIGHTY . . .

While we don't ordinarily find the results of fate's cruel tricks on other mortals amusing, we're afraid wel'll have to make an exception in the case of Joey Jay, the former Milwaukee (nee Atlanta) "bonus boy" and first Little Leaguer to make the majors, who is now toiling in the Class A Carolina League for the Tidewater Tides.

What's amusing is that when Jay was a 20-game winner for Cincinnati and holding out every winter, he used to pop off about his oil wells and how he didn't have to play baseball for a living, anyhow.

He inevitably got his raise.

But somewhere along the line a general manager called Joey's bluff, and there he is with the good old Tidewater Tides, trying to pitch his way back to the place that he never needed.

And still tending his gushing oil wells . . . on the side, of course.

★

MORE ABOUT PITCHING . . .

If you haven't noticed, Don Drysdale's having his best year (despite his win-loss record) since before Sandy Koufax came into his own. But you shouldn't be surprised. Drysdale was the Dodger wheelhorse before Koufax, and will continue to be.

You can tell that Koufax has established himself as a true immortal by the way interviews have been going with men who batted against him. They're not talking about the good balls they hit off him (and there must have been SOME), but are instead describing with awe the pitches on which they struck out.

It's the same negative mark of distinction which has been accorded by Babe Ruth to old-time pitchers, who don't brag about how they struck the Babe out (and he struck out more than any man in the history of the game), but about how far he hit their best pitches.

★

NOW with Koufax out of the way, it's Juan Marichal's chance to become an immortal. You don't realize how great the guy is until you look at the latest major league pitching stats and realize that Juan — who's not billed as a strikeout pitcher and who, indeed, claims he doesn't try for the Big K — leads the majors in strikeouts. One reason is that he throws strikes on 91 out of every 100 3-2 counts he gets.

All during spring training and the early season Alvin Dark fans were telling us about how the Swamp Fox was going to whip the Athletics into the first division on the strength of his fabulous pitching staff, even though those good but green arms hadn't won more than about 20 big league games among 'em in their entire careers.

We figured that that pitching staff must be fabulous, because every time we'd ask one of these Dark fans to name the KC line-up they'd be stumped after Campy Campaneris, and HE was having a lousy year!

We'd always reply, "But gosh, fellows, even though pitching might be 90 per cent of baseball, you've got to have more than just pitching and a lousy Campy Campaneris to get into the first division."

★

SO the other day, after weeks of silence from the Dark fans, we checked the standings, and lo and behold, there were the Athletics deep in the second division. And then we checked the pitching statistics, and golly, we discovered the shocking fact that the fabulous KC pitching staff had the worst earned run average in the majors, 3.97 — which is even worse than the Mets' 3.79.

Now all Kansas City has left is Alvin Dark, who's having a lousy year.

Another pitching surprise is that Cincinnati has, at this printing, the best team ERA in the majors, aside from the White Sox — 2.40 as against Chicago's 2.36. The Reds lead the majors in strikeouts, easily ahead of their closest competitors, Houston.

The Cubs are a surprising third in the NL (3.38) behind the Giants, who are at 3.37.

★

ONE last pitching note. At last count, and off the top of our typewriter, Fresno was leading the majors in pitchers. Jim Maloney of Cincy, Dick Ellsworth of the Phillies, and Tom Seaver and Dick Selma of the Mets, are all out of Fresno.

★

OTHER BASEBALL ODDS 'N ENDS:

When Eddie Mathews hits his 500th homer this year, it will — to our knowledge — make it the only time in the history of baseball that three hitters with 500 or more HR's are active simultaneously. The other two, of course, are Wilie Mays and Mickey Mantle.

And couldn't the Dodgers use Tommy Davis' .325 BA this year? . . . No, football fans. Baseball isn't dead. In the past dozen years college participation in The Game is up 133 per cent . . . Danny Cater, the infielder-outfielder of those pitching-rich Athletics, is the oldest man on the team — 27 . . . Best definition of a super-star we've heard comes from LA's Rick Reichardt: "A super-star consistently does it all in critical situations."

★

TAG END:

We've finally found a faction outside of soccer which has something good to say about the game. Baseball groundskeepers say that soccer doesn't tear up playing surfaces nearly as much as football.

Surfing

Propose New School Sport At T.N. High

A new competitive sport will be added to the list of athletic activities at Terra Nova High School next year if a group of student surfing enthusiasts have their way.

Greg Boyden, assistant soprts editor for the quarterly student magazine "Tiger Tales," proposes adopting surfing as a "school sport" in the publication's Spring issue.

"Terra Nova is situated next to one of the best surfing beaches in Northern California," the article states, "and surfing would really be the most natural sport to add to our cirriculum."

Surfing has been adopted as an "official sport by a number of Southern California high schools and colleges, Boyden said, and it would be possible to organize a Peninsula league from area schools.

Eight students interviewed in the article approved of the idea of instituting an area "surfing league," and some indicated it would be "even more popular than football" among high school students.

A major obstacle in the way of creating a surfing team at Terra Nova is the lack of a qualified coach, the students said.

"Wrestling coach Roger Miller favors the sport," Boyden said, "but neither he nor any of the other present coaches are qualified surfing instructors."

Jeff Seniors Receive Awards

Six Jefferson High School students were honored as "outstanding senior athletes" at the recent Spring Block "J" Father and Son Banquet.

Receiving the awards were Norm Garcia, football; Jerry Salvador, wrestling; John Kirby and Mike Furtch, basketball; Jim Bruening, track and field, and Ron Mini, baseball.

San Francisco Warrior basketball stars Fred Hetzel and Tom Meschery were guest speakers at the annual banquet.

Sea Bowl News

By GINNY FEATHERSTONE

Sea Bowl is planning a program of fun for everyone, both Adults and Juniors.

The new management will start the ball rolling with three big days, June 23, 24 and 25. See us about Fun Leagues and Special Events.

Bowling for Blue Chip Stamps is still a part of the fun-things that will be happening at Sea Bowl.

Women may bowl No-Tap Blue Chip on Friday mornings, with no changes in the price or value of the shots.

Sunday's Blue Chip will be run as usual with squads starting at 9 a.m. and every two hours throughout the day.

We have a wig displayed at the desk. It represents a new league to bowl Mondays at 12:30 p.m.

Scores rolled this past week include:

MERMAIDS: For the Adobe Home Nursery **Lois Talbot** had high series with a 532, and 186 game. **Ardell Shelfo** had high game 197 and a 516. **Daisy Hamlin,** bowling for the Meladion Glass Co., picked up the 4-7-10 split. (I bet her granddaughter would have been proud of her if she had seen that.)

KEGLERETTES: **Betty Thomas** rolled three good games 178, 200, and 220 for a 598. (Where were those other two pins?) Also a nice game and series was rolled by **Jan Morger,** for a 214 and 502.

EBB TIDE: These gals are "out of their minds" this week — **Cora Wagner** had a 222 and 561. **Kay Saxen,** bowling for Del Mar Beauty Shop, rolled a 513; **Ev Lee, a 205 and 506; Nicki Pemberton,** a 504; **Marilyn Gay,** a 501.

MIXED-UP FOURS: **Jim Killian** was high with a 217 and 552. Bowling with Jim, **Joe Leitner** had a nice pick up of the 6-7- split.

510 TRIO: For the Pink Mug, **Bill Philpot** rolled a 756 four game series with a 225 game; **Don Zarnock,** a 242 and 739; **Boyd Hillyer,** a 221 game.

ALLEYHOLICS: **Nickie Pemberton** rolled a 191 and 498. On the Bocci Realty team, **Dolly Urnezis** had a 497 and high game for the day; **Eileen Schrempp** a 198 for her Edsel Realty team.

YAWNERS: For Awards Unlimited, **Kay Saxen** had a 463. For the Glass Man, **Helen Crisci** bowled a 180 high game. The gals had a sweepstakes this week and Helen took first place. **Nancy Smith** was second.

KINGS & QUEENS: For Farbers Pharmacy, high game and series this week wen to **Al Featherstone.** He had three fine games, topped off with a 244 for a 660 series; **Dean Fuller,** a 232 and 607. **Betty Thomas** was high for the gals, with a 204 and 558.

530 SCRATCH: We started off the week with three series over 800. **Pete Thomas had the 244 this time, and a high series of 837 for his four games. Al Featherstone** came right back with another big series, this time a 239 and 833. **Gabby Mattson** had a 233 and 826 while **Bob Moldovan** had a 242 game. Other nice games by **Mike Cristofani, a 238; Dick Parish,** 225, **Larry Hutchinson,** 226; **John Parry, Jim Burke** and **Dean Fuller,** all 223 games.

SURFSIDE 10: **Dave Massing** took high game and series with a 202 and 562.

ADULT JUNIOR: **John Krone** a 220 and 575, and some pretty good games rolled by the juniors, **Roy Sabragia,** a 156; **Denise Shipcott,** a 141; **Cliff Shipcott,** a 140, and **Kim Krone,** with a 61 average, a 130 game.

AQUANAUTS: For the McCune Sound Service Team, **Lois Talbot** had high series with 488. High game was won by **Betty Hager** with a 178. **Becky Fox** had a 171 and 471 series. **Lois Bendick** picked up the 5-10, and **Daisy Hamlin** the 5-7.

WESTMOOR HIGH athlete Dave Dotor, right, received the "Senior Athlete of the Year" trophy last week at the annual Father and Sons Block "M" Banquet. Coach Robert Lotti, left, made the presentation. Dotor, an outstanding athlete in football, wrestling and track during his four years at Westmoor, has received 12 block awards.

The following are the Most Valuable player awards given in their respective sports:

CALLING ALL HOMEMAKERS

By Donald C. Waite

WE ARE NOW GOING THROUGH A NEW ERA IN HOME DECORATION

During the last few years there has been a quiet revolution going on in the furniture and decorating business concerning the proper way to furnish a home.

In the past, anyone could buy a book on decorating and follow the rules concerning what goes with what, which colors may be used together, how to recognize and use different periods of furniture, etc.

While there are still many such books, and while they still contain much that is helpful, there have been vast changes in the thinking of professional decorators and furniture store personnel.

More and more people are disregarding all of the old rules.

Does green go with blue? Does orange go with yellow? Does Early American go with Contemporary? Many of the old rules said "no" to questions like these. Now, however, the answers may well be "yes." There are new, exciting ideas and concepts in decorating. There is more emphasis today on furnishing a home with individuality rather than furnishing it like all other homes.

It's an exciting time in home decoration, and we invite you to come in and share in this excitment — come in and see all the new items . . . the new colors and color combinations . . . and the new ideas. And then you can enjoy the thrill of starting to furnish your home in beautiful new ways.

Our decorators, here at Sterling Furniture in Westlake Shopping Center, are at your service no matter what your decorating problem may be. We are open Wednesday and Friday evenings 'til 9 p.m. for your shopping convenience or call PL 6-7500.

TEEN TOPICS

Daly City Recreation Department's Westside Teen Club, sponsored one of its more unique events recently. The scheduled event was a dance, but a rather serious mishap prevented the band from attending.

This, however, did not blight the evening for those members and guests who remained at the Westmoor Gymnasium, which was opened for what became a fun-filled recreation evening.

Baskets were lowered, equipment was issued and recorded music was provided by a self-appointed group of girls who filled the bill of disc jockeyettes.

It was planned to award a door prize at the dance and this was carried over to the open gymnasium event.

Martha Fernandez, by correctly guessing the number of Yugoslavian speaking people in the world (13,000,000) won a large pizza at the Westlake Pizza Shoppe on Southgate Avenue.

Towards the close of the evening, parents who had come to pick up their teens joined in the activity. Even Teen Club Advisor Jeff Stahl was seen playing badminton with a group of young ladies. However, he refused to reveal the game score.

The Telstars and Roof Raisers Junior Teen Clubs are joining during the summer for fun-packed activities and dances.

The first activity will be a trip to Santa Cruz July 1.

The outing will include discount tickets for rides at the Boardwalk, sunbathing on the beach and swimming in the Pacific Ocean. Buses will leave Westmoor Park at 9 a.m. and will return at approximately 5 p.m.

All sign-ups must be turned in to Dave Barry, Recreation Leader, by June 26 before 5 p.m.

The Roof Raisers may sign up at the Franklin D. Roosevelt School.

Outstanding Girls —Summer Series

Louanne Heath

This week's column is the first of a summer series devoted primarily to the young ladies who will take up the tasks of leadership in civic groups and clubs in the future.

The girls to be profiled have been selected by their schools as the girl graduates most likely to take up the reins of direction in their communities, on the basis of their excellent scholastic performances and their participation in activities and programs offered by the schools outside the classroom.

This is a summer salute to the youthful misses of the community who will never make a headline because of misconduct or because they have "dropped out."

These are the girls who have stuck to their studies and have developed a philosophy and an intellectual base which only can serve to make them energetic, respected members of all societies within our culture.

These are the leaders of tomorrow, and despite the glaring unoriginality of that cliche we are left with the fact that, in all truth, they are not only the leaders but the hope of our nation in the coming decade.

☆ ☆ ☆

THE characteristics of leadership are the prime concern of one of Terra Nova's three outstanding girl graduates, **Diana Gonzales.**

Diana, who lives on Manzanita Drive in Pacifica with her parents, Mr. and Mrs. Francis P. Gonzales and her three sisters, Cindy, 14; Patricia, 6; and tiny Karen who is 16 months old, is principally concerned with the task of developing young leadership and justifiable pride in accomplishment.

"Up to the day of our graduation we are followers. We are not really aware that soon we will be leaders. Today's graduates are going to be responsible for selecting government officials, budgeting income and facing many more adult responsibilties.

"Good leadership does not come overnight, it takes a few years. To be a good leader one must first learn to depend on himself. He or she should get things done in such a manner that wuld set an example for others and, most of all, he should be proud of what he does," the vivacious 17-year-old explained.

Diana has done much during her four years at Terra Nova in which she can take pride, her graduation gown bore the gold citation cord which indicates a grade point average of 3.5 to 4.0 all through high school. That amounts to an A- average for four years.

While working hard and keeping her grades high, Diana has found time to take active part in campus organizations. She has served as secretary and as president of the Girls' Athletic Association as well as having held the posts of treasurer and secretary of the California Scholarshp Federation and secretary of the Future Teachers of America. She has labored on the yearbook as co-editor-in-chief, and was class secretary in her sophomore year and again in her junior year.

☆ ☆ ☆

SHE plans a career in teaching and her specialized field of interest is physical education. Last year she entered her first gymnastic meet and performed on the balance beam, winning fourth and sixth places in the Northern California Competition. She won a first-place ribbon in the Jefferson High School District gymnastic competition.

She is especially fond of archery, gymnastics and volleyball and enjoys the spectical of high school and major league competition in baseball, basketball and football.

Her skill in archery has won her a third-place ribbon in local competition and her volleyball team, at Terra Nova, finished the season in second place after only one loss.

Upon graduation, Diana was awarded a certificate of merit from the American Association for Health, Physical Education and Recreation, an award from the school for outstanding service to the physical education department and she was selected this year's Girls' Athletic Association Honor Senior.

To assist with her teacher training at the college of her choice she will have a $250 scholarship from the Pacifica Rotary Club.

A native of Denver, Colo., Diana and her family have been in Pacifica for six years and during that time she has attended Vallemar, Ortega and Sanchez schools as well as Terra Nova and during those years she has come to feel that Walter Gloistein, her physiology teacher, has had the greatest influence.

DIANA, who says physiology is her favorite subject because she "finds the functions of the human organs quite fascinating," has found that Gloistein has made the course more interesting by being well informed, readily able to answer any question and exhibiting an interest in all of his students and going out of his way to help them.

In the weeks ahead, Diana will work and prepare for her "dream trip" to Hawaii, in August, and try to get over the fact that school friends are scattering and old associatons likely will be less close as paths separate. In the fall, she will begin a new career as a college student majoring in physical education.

Her reasons for selecting P.E. as her teaching field are consistent with her ideas about developing leadership.

"I plan to enter the teaching profession and teach Physical Education at the high school level. The reasons for this selection are that I enjoy all types of sports and feel that P.E. is essential for the physical and mental development of youth," she explains.

☆ ☆ ☆

Fun, sun and relaxation will be the theme of the annual Play Day being attended today by the members of the Golden Gate Kindergarten Association Auxiliary.

The event, the last of the current season, is being held in the San Mateo home of **Mrs. Henry Herz, with Mrs. Roger Mackin, Mrs. George McConnell, and Mrs. Reinold Jones** assisting with the hostess' chores.

☆ ☆ ☆

MEMBERS of the Altar-Rosary Sodality, Church of the Good Shepherd in Pacifica will receive communion this Sunday at the 8:30 a.m. Mass, according to **Mrs. Terry Murphy,** publicity chairman. Coffee and doughnuts will be served to the group in the parish hall following the service.

According to Mrs. Murphy, the Sodality will continue to receive communion on the third Sunday of July and August at the 8:30 a.m. Mass, however, this Sunday will be the last time the informal brunch will be served.

☆ ☆ ☆

MEMBERS of the Belles 'n Beaus, the mixed chorus class that is a part of the Jefferson Union High School District's Adult School program, presented Community Show Case '67 before an appreciative audience at the Westmoor High School's Little Theater on Friday evening.

The undefeatable **Mrs. Patti Parks Stolz** did the fine directing and **Mrs. Cherilyn Duncan** and **Mrs. Janet Holden** were the accompanists for the program which featured outstanding work by the chorus and many fine solos by students of the Voice Workshop Class.

Highlighting the program were a dramatic reading by shown commentator **Mrs. Norma Washford,** several fine duets by **Phyllis Estrem** and **Roy King** and a debut performance by soprano **Mrs. Doreen Marlow** and the Belles 'n Beaus doing "Summertime" from Porgy and Bess. Intermission entertainment was provided by the Bob Meyers Family Dance Team.

The presentation of completion certificates and the formal welcome were handled by **Thomas Redmond,** principal of the adult education division.

☆ ☆ ☆

LORRAINE LEE, Dr. Mary Margaret Scobey, Mrs. Elizabeth Baldwin, Mrs. Madeline Mills, Ervin Borgfeldt, Mrs. Bessie Runge, Mr. and Mrs. Harry Farnlacher and **Mr. and Mrs. Lee Candee** were among those members of the adult education division's German class that celebrated the end of the term by dining together at Schroeder's in San Francisco last week. Mrs. Candee is the course instructor and she already is at work on class plans for the September 11 resumption of instruction.

☆ ☆ ☆

FIREWORKS, the safe-and-sane variety with reasonable price tags, will go on sale June 28 in a red and white striped circus tent on the corner of Lake Merced Boulevard and Southgate, according to **Mrs. Joanne Moulton,** publicity chairman for the Westlake Catholic Women.

The sale, which will run from 11 a.m. until 11 p.m. daily through July 4, is the last event sponsored by the festival committee of Our Lady of Mercy Church and will formally mark the end of this year's fund-raising event. Co-chairmen will be **Al Swadley, Dario Baciocco, Ray Forcina** and **Frank Kelchava.**

Westlake Merchants To Dine and Dance

Sal Carson and his 16-piece band will play Saturday night at Millbrae's Sheraton-Thunderbolt Hotel, with "sounds of the great bands," when The Westlake Shopping Center Merchants Association holds its annual spring casual dinner dance.

Original arrangements, reminiscent of Harry James, Tommy Dorsey, Benny Goodman and the Glenn Miller band, with many of the actual sidemen who played with those greats, on tap for the more than 200 merchants, their wives and guests.

The Carson band features Miss Sylvia Gaylord, who has headlined at many Las Vegas and Reno supper clubs, namely The Desert Inn, Flamingo, Harrah's South Shore Room and Holiday Hotel.

Included in the Carson crew are Billy Nawrocki on drums; Bill Perkins, tenor sax; Joe Disch, trombone; and Herb Andrade, who holds a doctorate in music, piano.

Nawrocki has been called "the closest thing to Buddy Rich" (featured for years with the Harry James aggregation)., while Perkins played for years with "King of Swing" Benny Goodman.

Disch is a former trombonist from the late Tommy Dorsey orchestra, and Andrade boasts of a lengthy stay with one of the many Woody Herman herds.

Special atmospheric props, flowers and theatrical lighting will transform the International ballroom into "the breath of a spring garden."

The cocktail hour begins at 7 p.m. with dinner at 8 and showtime and dancing at 9:30.

Mills Math Team Wins Top Honors

Each school in the District takes turns playing host to the other schools. Meeting once a month, five students from each school attempt to solve a mathematics problem during a limited period of time.

Team members are rotated in and out of the hour-long competition, as the degree of difficulty of the problems and special skills of individuals are hopefully matched for team strength.

Held at Aragon High School, Wednesday, May 17, the final contest enabled Mills to add enough points to its cumulative score to edge San Mateo High School's team, which had been in the running for the top spot.

Among the honored students were Sue Adams, Aragon's Foreign Exchange student from Australia, and Farideh Finzi, Hillsdale's Foreign Exchange student from Iran. They were presented with mathematics problem books to remind them of their year as students in San Mateo.

Medallions were given to the top student from each school. Edward McMurtrie, Aragon; Charles Armogida, Burlingame; William Cushing, Capuchino; Scott Harris, Crestmoor; and Mike Malone, Hillsdale were among those so honored.

In addition, each team received a mathematics problem book to be presented to the school mathematics library in recognition oftheir team's performance.

Winners of certificates of merit were Sue Adams, Kathleen Daly, Mark Denni, Yul Inn, Edward McMurtrie, Jeff Rosoff, Richard Wales, all of Aragon; Robert Friedman, James Refvem, Beth Frykberg, Charles Armogida, Vicki Smtih, Christopher Canellos, and Gordon Davis, all of Burlingame High School; John Byrd, William Cushing, Todd Horozawa, all of Capuchino; Judy Black, Jim Daust, Evelyn Lee, Lee McMasters, Catherine McNinch, Alan Scholfield, and Ron Suzukawa, all of Crestmoor; Sue Hoff, Scott Stoney, Mike Malone, Randy Johnson, Randy Urban, Don Clark, Quinlyann Chinn, Henry Moon, Farideh Finzi, all of Hillsdale Higy School. In addition to winning the highly-prized trophies, Mills and San Mateo team members also received certificates of merit.

Of the twelve incoming freshmen at Notre Dame High School, Belmont, who h ave placed in the tenth grade Spanish class, nine are Notre Dame Elementary School graduates.

These students are: From Belmont — Theresa Eakin, Mary Francesconi, Alison Galloway, Ellen Hege, Gael McConeloug, Jamie Schubert, and Ana Elisa Serpas. From San Mateo — Mary Lynn Clark and Veronica Sanford.

The nine students who qualified for the tenth grade class had taken part in the pilot program for teaching foreign language in the elementary school initiated at Notre Dame Elementary nine years ago.

Lorraine and Nick Gust Plan Anniversary Party

AS WE GO TO PRESS, my good friends Lorraine and Nick Gust, the popular host-owners of Nick's in Pacifica, are preparing a big party for their fortieth Nick's Restaurant anniversary celebration. The Gust family invites one and all to help celebrate the Buffet anniversary party which will be held Sunday and Monday, July 2 and 3, between the hours of 4 to 7 p.m. — Dancing, entertainment and fun for all. This will be the most outstanding party Nick Gust has come up with since my years of advertising their restaurant operations.

YOGI BERRA, former Yankee catcher and presently coach for the Mets, Chuck Estrada, and several other Met players were recent diners at the ever - so - popular Leaning Tower restaurant in South San Francisco. Chuck brought the Met crew over to feast on wonderful Italian food and to meet his lovely cousin, Kathleen Kelly, who will soon be the bride of 'Tower' co - owner Lou Ercoli . . . Every Monday night is 'Ladies Night' at the Hi-Fi Room South, plush San Mateo cocktail lounge. Cocktails are 35 cents for the girls, and free orchids are presented, compliments of owners Joe Borges and Ben Muniz . . . Fabbros, down Redwood City way, continues to be one of the most popular luncheon stops on the Peninsula. Many businessmen from the surrounding Menlo Park - Atherton area lunch here five days a week. Owner Frank Fabbro's satisfying morsels and Tommy Phipp's cocktails provide for a welcome break in the day's routine.

THE "BIG BAND" SOUNDS of the Roger Collins Revue will be filling the lounge of Don Zirilli's Embers in Redwood City, this weekend. Bobby Freeman, who opens Tuesday night for one-week only, will also be celebrating his natal day. The "on-the-go" host-owner is planning a wild bash to celebrate and welcome Bobby to the Embers . . . A festive overflowing crowd attended the monthly 'Polenta Feed' held at Bruno's in downtown San Mateo. Once a month, Tom Zucchelli and Bruno Fava host an old-fashioned Italian feed, which is a much looked - forward - to affair. Among the many old friends on hand last weekend were Longshore "King Pin" Andy Gill and family . . . Looking for a restaurant that will surprise your out - of - town guests? Take a quick and scenic drive to Montara Beach, where Frank Torres' Beach Hotel restaurant serves true Peruvian dinners, plus steaks and seafood selections. Located high on a cliff overlooking the shores of the Pacific, the panoramic view from the dining room and cocktail lounge would make Captain Kidd "flip his chest."

SACKS AND SACKS OF ROABEES (Roast Beef Sandwiches) are still being taken home. Around midnight last Friday a gentleman wearing a bathrobe pulled up to Roabees Drive-Up Window and ordered 20 Roabees. An order of that size isn't unusal, but Manager Joe Acosta, who noticed the gentleman was still half asleep, inquired about the large amount. It seems the gent's young daughter was hostessing a pajama party of teenage friends and they suddenly felt the urge for Roabees. So poor ol' Dad rolled out of bed to oblige the girls' demands. 20 Roabees for six girls? Guess ol' dad was thinking the girls would probably get hungry again, and was planning ahead . . . A group of visitors from New York told Phil Lehr that dining in the Wellington Room at his Steakery in downtown San Francisco was like dining in a millionaire's home — it was so elegant.

RICK JASON OF TV FAME stopped traffic at Finocchio's, the other night, and must have had a sore arm from signing autographs. This is a great place to see the celebrities. Lucille Ball and husband Gary Morton, Shirley Jones, Fred Clark, Ethel Merman, Forrest Tucker, Andy Prine and Bob Hope are among those who have recently enjoyed the fantastic shows at this famous San Francisco club . . . The Care Package, Lighthouse for The Blind, Tiplites, and Sly and the Family Stone will be appearing this weekend at Winchester Cathedral in Redwood City. Starting next week, owner Rich Romanello, who is only booking top 40 acts, will open the Cathedral four days a week, Wednesday through Saturday. "Show cased" on Friday night will be the Tiplites, who will be making their first appearance in the Bay Area . . . Dining in the Royal Hall at Fred and Jerry Rapp's Holiday Inn, South San Francisco, is a 'royal' experience. As an extra attraction, pianist Gary Long entertains nightly in the relaxing atmosphere of the Lancer Lounge.

DORAN'S NEW DANCE FLOOR has been getting the "soft shoe" routine recently, as Larry Wickersham's music proves irresistible for fun lovin' couples. In the past, the Lounge was completely carpeted. But one of the first changes new manager Ronald Sutherland made at Doran's supperclub in Belmont was to have the dance floor installed. To enhance the fine food offered here, Larry's musical talents have long been favored. With the addition of dancing, cocktail waitress Jane Ellison in the cozy fireplace, you have the ingredients for a perfect evening . . . If you're on a tight schedule and have little time for lunching, do as many other busy people are doing — lunch at the Burlingame Manor restaurant on Old Bayshore Highway, where "Mr.Lucky's" well-trained staff of waitresses provide quick service. Also consider the adjacent Manor cocktail lounge for your favorite libations.

Sparks Banquet Business

Doug Young, right hand assistant to General Manager Phil Rauscher at the International Inn restaurant, South San Francisco, is one of the main reasons for the 'Inn's' booming banquet business. With his marvelous abilities for organization, Doug keeps the dates, groups and various meeting rooms running

☆

Red Meat, Seafood, Fowl

Although it's often been mentioned that delicious steaks and prime ribs are served at Scotty Campbell's, Redwood City, don't think this is the only menu attraction. Whether you prefer red meat, seafood, or fowl, you'll find your palate fancy listed on the very selective menu. By all means, try the Cherry Cheese Cake for dessert.

"Upper Level" Steak And A Chocolate Crunch For Dessert

"On the level," Your Bright Lighter has enjoyed dining in the Villa Hotel's 'Upper Level' "Just for Steaks" at least six times since it's recent opening — and that's some sort of a steak record for Yours Truly. An 'Upper Level' steak served with all the trimmings (including a Chocolate Crunch for dessert) is absolutely a luxurious pleasure for an adherent of Epicureanism. Restaurant service Tuesday through Saturday from 6 p.m. to 11 p.m. Not open Sunday and Monday. The Villa Coffee Shop is open seven days a week, 24 hours a day.

☆

New Entertainment Group for Fireside

Tony and The Tigers, a new group with an unlimited amount of "showmanship," are now putting the curvy Topless girls through their paces at the Fireside in San Mateo. When not beating out fantastic rhythms on the drums, Tony is a real crowd pleaser as he moves out to the dance floor and urges audience participation. A "show stopper" is when Tony puts Topless Billie through the various dances now popular — including The Pony.

☆

The Green Door Pizza Parlor (formerly the El Sirocco) on California Drive in Burlingame is under the new management of Marge Sturtevant, who has been in the restaurant business around the Peninsula most of her adult life. Marge's first move as a "pizza queen" is to offer a terrific "get acquainted 2 for 1" special for pizza. Good for any size of any kind. Note the coupon in Bright Lights in The San Mateo Times.

☆

Dapper Ron Giannotti of the Surf House, located by the lagoon, receives Bright Lights nomination for one of '67's Atlantic City Beauty Contest judges. Taking a survey of the pretty ladies who serve in the restaurant and cocktail lounge: Newest addition to Ron's "Scotch 'n' soda" cast is blonde cutie Judy Towne. Could be she's one reason so many Bay Meadows Quarter Horse racing fans are making the Surf House their evening "finish line."

☆

Vince Licata has added a new dessert treat to his sweet tooth rundown that has me ordering a "double header" each luncheon or dinner visit. It's Spumoni — not the usual variety, but unusually good.

☆

Canning Stevens, Larry Hancock and Paul Raugust invite you to enjoy one of their famed steak dinners at Chuck's Steak House of Hawaii, located at 145 Borel Avenue, San Mateo. A unique self service salad bar, with all the salad, dressing and French bread the customer desires. The menu consists primarily of a variety of steaks and lobster tail.

"Best for Banquets" New Villa Chartier Slogan

THE NEW SLOGAN at the Villa Chartier is "Best For Banquets" and judging from the amount of available banquet rooms in this well-organized Emerson Murfee restaurant operation, the slogan fits to a "tea." No matter what the occasion, Emerson has a room to fit your party requirements. The latest to make its "debut" is the ultra-swank private bar and dance floor Winchester Room, which comfortably seats 250 persons (or 300 for a buffet). The Winchester Room is more than a banquet site. When the Villa Chartier's main dining rooms reach capacity on busy holidays, the Winchester Room is opened for additional dining area. I arrived here Wednesday afternoon just in time to hear that Mrs. Robert Craig of 1429 Oakhurst, San Carlos, had been installed the new President of the San Carlan's. Understand the San Carlan's visit various prominent restaurants around the area the first Wednesday in every month, and this was their first banquet in the Villa Chartier's new Winchester Room. The group of 93 ladies was delighted with the luncheon and elegant surroundings. Why not plan your next party or banquet at the Villa Chartier? There are nine banquet rooms for your choosing. Excellent for wedding parties.

Sunday Afternoon At Fuji Sukiyaki

Sightem at the Fuji Sukiyaki: Any Sunday noon the Giants play a ball game that's televised, owner Bob Masuda pokes his head around the corner of the kitchen to watch TV in the dining room; Dorothy Masuda, who serves more customers per minute than the average person does in 20, does a double take between table and counter trips; their sons manage a quick view and a last-minute score count while working the dining room grill and serving beer and soft drinks. The only sound other than that of the television and Russ Hodges' "Bye Bye Baby," is the steady ring of the cash register — with Dorothy at the "Keys."

King's Bowl Boasts Exceptional Dining

The beautiful Blue Peacock restaurant, located in the King's Bowl, Millbrae, is considered as one of the most impressive on the Peninsula. This fact is known by those who take advantage of the 'Bowl's' exceptional recreational facilities, but there are still many who don't realize there is a restaurant in the same building. A perfect way to become acquainted is to drop in some evening after work for "Happy Hours" and let Lou Dapello blend your favorites.

☆

You're a young old timer if you can remember when A. Sabella's orchestra leader, Joe Marcellino, waved the baton for shows and dancing at Bimbo's former Market Street 365 Club. 'Tis the same "Joe" — and he's lost none of the zip and musical flare that has marked his way to the top in the entertainment world.

Black Angus New Prices Start June 19

Give plenty of attention to the Black Angus Chuck Wagon advertisement in Bright Lights this week, as the "All you can eat" Food Bonanaza has new prices which will go into effect Monday, June 19 (the present prices prevail until then). Many new items, such as Roast Beef on Mondays; Baked Ham, Tuesday; Steak, Wednesday; Corn Beef, Thursday; Seafood, Friday; Short Ribs, Saturday, and Swiss Steak on Sunday, will be added to the already selective menu. The Black Angus Chuck Wagon well rates the dine out visit of the entire family. It's cheaper than eating at home!"

Painter Falls To His Death

A painter fell 30 feet to his death Thursday morning while working on the General Services Administration Building on Oyster Point Road in South San Francisco.

Pedro Fernandez, 52, of San Francisco, was pronounced dead at Kaiser Hospital after he lost his balance and fell from a scaffold at 9:25 a.m.

A Burlingame man, Frank Laasko, was on the scaffold with Fernandez when the accident occurred.

The two were painting an outside window facing, Laasko said, and Fernandez had just finished his portion.

"He offered to help complete my part of the window, and fell as he attempted to move to the other end of the scaffold board," Laasko said.

His head struck the asphalt pavement below.

Fernandez was employed by the Morris Painting Co., and was a member of San Mateo Painters' Union Local 913.

He is survived by his wife, Helen, and a 14-year-old daughter, Stella.

BERNARD COHN

Realtor New C. of C. Head In Pacifica

Realtor Bernard Cohn was installed as president of the Pacifica Chamber of Commerce at Thursday's luncheon meeting, replacing past president Lyal Planje.

Automobile dealer Andrew Turner took office as vice president Thursday. Roland Bianchi was installed as treasurer, and Bill Hammer assumed the secretary's duties.

Hammer was also installed as a new director, replacing Nita Buchanan, who relinquished her director's post after seven years' service. Mrs. Buchanan did not run for re-election.

Directors re-elected were Planje, Mario Terrigino, Mike Wyman, Bas Gladieux, C. Trifeletti, Turner, Stan vander Hule and Cohn.

San Francisco Chamber of Commerce assistant manager for transportation James Cooper performed the installations.

Bomb Threat In Pacifica

The San Bruno Mountain transmission tower of radio station KPEN was knocked out of operation for two hours Thursday night in a sabotage attack that included bomb threats and the theft of $500 worth of radio equipment.

Thirty minutes later, announcer Phil Jenner told police, he received a telephoned bomb threat warning employes to "get out of the building, or I'm going to blow it up."

Jenner, announcer for a 9 to 12 p.m. news and music program, shares a Pacifica apartment with another employe at the stationn, Michael Lane Boudry.

Police searched both the radio station studio, located on California Street in San Francisco and the Pacifica apartment, but no bomb was located.

KPEN officials said a heavy lock was broken at the San Bruno Mountain transmission building.

Inside the building, switches were thrown, shutting off electricity, and a $500 transmission tube was removed. Several other tubes were broken, officials said.

Jenner said the bomb threat was telephoned by a man with a "mature voice."

Jenner's show was on the air when the transmitter was sabotaged. The show consists of "adult popular music" recordings and news reports, with "no rock and roll," he said.

Miss S.S.F. Pageant Will Change Sites

The "Miss South San Francisco" Pageant, July 1, will be held at the South San Francisco High School Auditorium instead of the El Camino High School Little Theatre as originally planned.

Chamber of Commerce Mgr. Frank Fairbanks said pageant directors, anticiapting a larger crowd for this year's show than in past years, decided the El Camino High facility's 450 seats would be inadequate.

Contestants in the pageant met with chamber officials and merchants Tuesday night for an orientation program. Each of the eight contestants was assigned to a sponsor at the meeting.

The pageant will begin at 7:30 p.m., July 1. Tickets, priced at $2 for adults and $1 for children, are now on sale at the Chamber of Commerce office.

Tickets can also be obtained from the pageant contestants and the sponsoring merchants.

A Compromise Sidewalk Plan

A compromise improvement plan for an area on the edge of Daly City was approved last week by the County Board of Supervisors.

The board agreed to proceed immediately with an assessment project to put in a concrete sidewalk, curb and gutter on the west side of Hillsdale Boulevard between Price and Maket Streets.

And the county engineer's office was asked to work out a plan in cooperation with Daly City for improvement of Market Street between Mission Street and Quadalupe Canyon Road as soon as possible.

The sidewalk plan on Hillside is basically what was proposed by residents of the area more than two years ago, who were concerned about the safety of their children walking to Colma Elementary School at Hillside and Market. The county engineer's office suggested that the project be expanded to include improvement of several streets in the area. Various combinations were proposed, including one which would have improved only the northern half of Market between Hillside and Mission.

The issue was resolved yesterday after Daly City Mayor Bernard Lycett told the supervisors that the city is opposed to half-street improvements and considers the Hillside walk the most vital feature of the proposal.

Deputy County Engineer S. H. Cantwell estimated that the approved project for Hillside will cost $24,000, of which the county will contribute half and the other half will be assessed against the property owners. The large project would have cost $67,500, of which $60,000 would be assessed.

It was agreed that planning of the Market Street improvement should proceed as quickly as possible because Guadalupe Canyon Parkway is scheduled to be open in August. Market Street is the major connector for the Parkway, a cross-county route extending over San Bruno Mountain.

Assemblyman Ryan said elderly residents and their families who live in the Twenty-seventh Assembly District may sttill obtain lists of organizations offering discounts by sending a card to his district office in South San Francisco.

Prepared by the California Commission on Aging, the lists may be obtained by writing Assemblyman Ryan at 308 Linden Avenue, South San Francisco,

Circus Season Lunch For Younger Set

This is the circus season so how about giving the younger set a circus luncheon party. It can be to celebrate a birthday or just a small friends' get-together.

For a mother-approval and child-delight dish, hamburger rings filled with canned beef or cheese ravioli have appetizing peal.

The hamburger is easily shaped and as it cooks, the canned, chef-seasoned ravioli can be heating. It doesn't take long to prepare this meal and the combination has special intrigue for the young.

With the ravioli-ringed hamburger, serve green beans, crisp, pick up relishes and glasses of milk. To end on a celebrating note, serve frosted cupcakes topped with miniature circus animals.

CIRCUS RING RAVIOLI
1 lb. ground chuck
1 teaspoon salt
⅛ teaspoon pepper
1 (15½-oz.) can beef or cheese ravioli
2 slices processed American cheese

Preheat oven to 375 degrees F. Mix together beef, salt, pepper. Divide into four parts. Shape each into a ring. Place rings on baking sheet and bake for 15 minutes.

Divide canned ravioli equally among four rings and place in center. Bake for 15 minutes. Meanwhile, cut each cheese slice in half. Place a half on top of each ravioli-filled ring and bake for about two minutes longer or until cheese melts. Makes four servings.

Condon Wins Scholarship

Try Country Garden Salad, It Has Zing

Take crisp, refreshing Country Garden Salad, add mellow Coach House dressing, and you've got a salad course with real zing. The dressing is based on the fare served at old English coach houses. There the coachman stopped to rest his horses and passengers paused for a good meal. Fine cheese and fine wine always welcomed the traveler.

Today's homemaker can offer her family and guests a modern version of this old English formula for hospitality. Coach House Dressing combines aged Cheddar with red wine, pure vegetable oil, vinegar, a hint of blue cheese, and lemon juice. Tastes great, behaves beautifully — won't separate in bottle or bowl.

It's particularly flavorful on a garden salad composed of spinach and romaine, onion rings and thin slices of cauliflower. Quarts of hard-cooked eggs border the bowl, and crisp bacon and croutons are mounded in the center. Country Garden Salad, combined with the dressing flavors of cheese and wine, can make your salad course the most exciting one on the menu.

COUNTRY GARDEN SALAD

½ pound bacon, cut in ½-inch pieces
¼ pound (1 quart) tender spinach leaves, broken in bite-size pieces
1 quart bite-size pieces romaine
1 small red onion, sliced
1 cup thinly sliced cauliflowerettes
3 hard-cooked eggs, quartered
1 cup croutons
Seven Seas Coach House Dressing

Cook bacon until crisp; drain and cool. Place spinach and romaine in salad bowl. Arrange onion rings and cauliflower over greens. Place egg quarters around edge of bowl; pile croutons and bacon in the center. To serve, add Coach House Dressing and toss lightly. Yield: 6 servings.

Almond Noodles Asparagus
Salad Bowl Bread Tray
Midas Compote Beverage

MIDAS COMPOTE

1 package (12 ounces) frozen sliced peaches
2 very large seedless oranges
2 tablespoons domestic or imported kirsch (clear cherry brandy)

Plan to defrost peaches so they will be slightly icy when served. Over a glass serving bowl, with a small sharp knife, cut peel in spiral fashion from oranges so no white membrane remains; cut between a dividing membrane and without removing knife free orange section from next closest dividing membrane; continue removing orange sections this way. Mix kirsch with oranges, cover and chill. Just before or shortly before serving, mix in the defrosted peaches. Makes 4 generous servings. Recipe may be doubled.

Students Are Advised On Transcripts

Crestmoor High School students at all grade levels should be aware of a number of important items ranging from summer school to graduation, David Kennedy, head of the Counseling and Guidance Program and Department, announced today.

The items affecting the CHS students are as follows:

(1) Graduating seniors are responsible for having their transcripts of grades to be sent to the college, university, or other agency. Appropriate forms are available in the counseling-guidance office. Transcripts are sent only upon the completion of the appropriate form.

(2) Students still interested in attending the 1967 summer school should contact their counselors. There may be some room available in summer school courses. Students who have already signed up for summer school should hear about their programs in the very near future.

(3) Report cards of Crestmoor students will be mailed to the students' homes. The cards will be mailed out after school is out on June 15, 1967.

(4) A summer counselor will be at Crestmoor High on a half-day basis during the month of August only. Students can discuss their occupational and educational plans or goals at this time. However, students are urged to make an appointment prior to seeing their counselor.

(5) Students needing letters of recommendations from faculty members or counselor should do so prior to June 15, the students' last day of school.

Kennedy recommended that sophomores and juniors who plan to attend special schools, colleges, or universities following their graduation from nigh school should consider visiting such schools this summer. He emphasized that parents should also visit such schools with their children.

Area Students Win Honors

Five former College of San Mateo students have received high academic honors at University of California, Davis, where they are now enrolled.

Selected for Phi Beta Kappa membership were:

Constance Egbert, 2130 Alameda de las Pulgas, San Mateo, graduate of Hillsdale High School and CSM student last summer.

Merle K. Larson of San Leandro, graduate of San Lorenzo High School who attended CSM earlier this year.

Gene L. Laskowski, 1716 Lake Street, San Mateo, graduate of Aragon High School and a former CSM evening college student.

Nominated for Phi Kappa Phi were:

James F. McMahon, 1039 Fiesta Dr., San Mateo, a graduate of Aragon High.

Harold K. Schefski, 1701 Walnut St., San Carlos, a graduate of San Carlos High.

Zimmerman Is Speaker At Westmoor

Don Zimmerman, Westmoor High School senior, was chosen to be class speaker at the forthcoming WHS graduation, June 15. Don has based his speech on the traditional topic "Today the Classroom, Tomorrow the World."

Don's speech encompasses the need for a better world understanding. He feels the answer lies in the young people of today, his fellow classmates who are graduating. Whether they become Civil Rights workers, members of the Peace Corps, young Republicans or common soldiers, they are the solution.

"It is these young people who are aware of world situations and who will soon control the political and economical scene that will save the world."

Don has been an active speech contestant for two years and this past year traveled to Santa Barbara for the state finals. He placed second in his division. He has also participated in general speech, debate, and impromptu.

Burglaries At Skyline Drive Homes

Two houses on Skyline Drive in Daly City were broken into sometime this week while the occupants were away, police reported.

Entrance to both dwellings was gained through forcing rear windows, officers said.

China Hollyhock Plant of Week

The ancient Chinese herb, Althaea rosea more commonly known as 'Hollyhock', is The Post Plant of the Week. Pictured in the side garden of Mrs. Phillip Welch, 2537 Hayward Drive, Burlingame. Mrs. Welch is a long - time member of the Garden Study Club of the Peninsula and nationally known for her beautiful succulent plantings.

Plant historians tell us that the hollyhock has been cultivated in China for a thousand years or more. It was introduced into England in 1573 and early American records list it as being in the early Colonial gardens shortly after the colonists landed. During our childhood no garden was thought complete without a planting of hollyhocks.

Listed as a biennial or short-lived perennial the hollyhock can also be grown as an annual. In our moderate climate, seed started in January or February will produce plants that will flower the first year. Started in June, July or August, the ideal time for sowing seeds of perennials, the hollyhock will flower the first spring after planting. Seed should be sown in a pot of flat and the young seedlings thinned to promote good root growth. When the young seedlings become sturdy plants with true leaves they can be moved into the garden where they are to flower. In areas where frost is a problem it is better to carry the plants through their first winter in pots so they maybe more easily protected.

For those who would like to try a planting of these tall, stately plants but do not have the time or the facilities to grow them from seed, plants may be found in many of the local nurseries. These commercially grown plants are available in all of the better flower colors of pink, rose, white plus several shades of scarlet and even orange and buff.

Most garden books state hollyhocks blooms from early summer to September. However, Mrs. Welch's plants were still flowering in December and our plants were producing good flowers well into late fall.

Hollyhocks are tall growers, producing their flowers close to the main stem with flowering starting at the bottom and gradually going up the stem to the tip. They thrive in any ordinary soil with just normal garden care. We have found they are prettier and stay neater when they are given a place protected from the wind.

The height of the hollyhock, seven-feet in the Welch garden and equally that high in our garden, determines its location. Mrs. Welch used it against a wall on the north-east side of the house where the planting area is a narrow strip of soil between a cement walk and the house. We use them to hide our compost pit against the back fence. They are most effective wherever height is needed.

Hollyhocks are subject to the same insect pests that trouble other plants with white fly being a problem in some areas. We have controlled most of these simply by painting an inch-wide band with cygon about eight inches up from the soil line. As we grow our hollyhocks at the back of our vegetable garden we do not like to use a systemic fertilizer on the soil for fear of contaminating the food crops. Snail and slug bait is also needed. Rust has been a problem for some gardeners but neither Mrs. Welch or I have been troubled with rust possibly because we both practice a good clean-up program each fall which includes both weeds and old foliage. Rust spores over winter on some weeds thus providing an early source of infection. Good garden housekeeping plus a few sulphur dustings keeps these plants lovely and healthy in most gardens.

Some Shrubs For Eating And Looks

When someone says, "That looks good enough to eat," you can take him literally if he happens to be looking at one of several plants that thrive in Peninsula gardens. Not only are these shrubs planted for their looks, but also for the delectable crops they yield year in and year out.

Citrus are the obvious plants for looks and eating. However, they would be a story in themselves. Let's look at some of the lesser known material which you'll find in local gardens and the show yards of local California Association of Nurserymen.

High on the C.A.N. recommended list is the Pineapple Guava, a handsome, gray-green shrub with flowers and fruit which are both edible.

Another tropical or subtropical shrub that thrives in this area is the loquat. Its fruit is produced in spring or early summer when many fruits are in short supply and its foliage is decorative at any time of year.

Crowd— Not Crow

Nell Norton

GREETINGS GALS.

Did you think you had tuned on the National Farm and Home Hour last week? With that fascinating booklet entitled, "Feeding a Crows," to guide you in your ornithological pursuits?

Heigh-ho, though my column is far from pristine in syntax and grammar, I'm aware you that you don't feed "a" crows. Furthermore, it is beyond my ken that anyone cares enough about the poor, old crow to dedicate a whole booklet to his care and feeding. Otherwise, why all those scarecrows in the corn fields?

Lastly, the only time I've heard a crow mentioned in the same sentence with food is in the unfortunate circumstance of someone having to eat same: Humble pie, that is!

Oops, how about those "four and 20 blackbirds baked in a pie?" They said blackbirds, not crows.

Enough of this foolishness. As you have guessed someone hit the wrong key. And I'm very grateful, it gave me a lead-in this week.

The correct name of the booklet is "Feeding a Crowd."

Speaking of quantity cooking, as we were last week, there is another excellent booklet put out by Swift and Company, called "Hostess Recipies for Fifty," well worth having.

And the price is right—free. Just write to Martha Logan, Home Economist, Swift and Company, Chicago 9, Ill.

☆ ☆ ☆

NOW from all this talk of feeding many down to the usual requirements of our own homes. One requirement that comes up over and over again in my family is to replenish that cookie jar.

In working on that project recently I've been testing some new recipes. Since they were so well received (and rapidly eaten) at Casa Norton I'd like to share them with you good cooks.

OLD-FASHIONED SHORTBREAD

1 cup butter
½ cup brown sugar, sifted
2 cups flour, sifted (for dough)
½ cup flour, sifted (for kneading)

Cream the one cup of butter until soft in a medium sized mixing bowl. Sift and add the one-half cup brown sugar, gradually creaming after each addition.

Sift and add flour working in well. Turn onto floured board and knead for 10 minutes. Press into ungreased, 8-inch cake pans, round or square. Prick with a fork and cut into shapes you want. Bake in 300-degree oven for approximately 30 minutes, or until a golden brown. Cool and store in tightly covered pan.

Baking note: If you use larger pans the baking time will be shorter, for the dough will be thinner.

CHOCOLATE CHIP COOKIES

2¼ cups flour
½ teaspoon soda
1 teaspoon salt
1 cup shortening
½ cup brown sugar
1 cup white sugar
3 eggs
2 teaspoons vanilla
1 cup chopped walnuts
1 package chocolate chips

Sift the two and one-fourths cup of flour with the one-half teaspoon soda and one teaspoon salt.

Cream the one cup of shortening, add the one-half cup brown sugar and one cup of white sugar, creaming well. Add the three eggs, lightly beaten and the two teaspoons vanilla. Beat thoroughly.

Add the sifted dry ingredients. Fold in the one cup of chopped nuts and package of chocolate chips.

Drop from teaspoons onto greased cookie sheet. Bake in moderate oven (350-degrees) about 10 minutes. Makes almost 8 dozen cookies.

THIS next recipe is for a most delicious bar cookie. I love lemon anything, and these cookies are lemon everything!

LEMON BARS

½ cup butter
¼ cup confectioners sugar
1 cup sifted flour
2 eggs well beaten
1 cup granulated sugar
¼ teaspoon salt
3 Tablespoons lemon juice
½ teaspoon baking powder
2 Tablespoons flour

Cream the one-half cup butter and the one-fourth cup confectioners sugar until light and fluffy. Add the one cup flour and mix well. Spread in an ungreased pan 9x9x2-inches. Bake in 350-degree oven for 10 minutes.

Beat the one cup sugar in to the two well beaten eggs gradually. Add the one-fourth teaspoon salt and three tablespoons lemon juice. Add the sifted one-half teaspoon baking powder and two tablespoons flour; mix thoroughly.

Spread over crust and bake at 350-degrees for 30 minutes longer. Cool. Dust with confectioners sugar and cut into squares.

Hearing On Brisbane's Dump Issue

By the time a court hearing is held June 21 on the Brisbane garbage dump controversy, another 31,500 tons of garbage will have been deposited in the bay disposal site at Sierra Point.

And that would not necessarily be the end of it, because additional court hearings are being planned.

After Brisbane won its fight against the scavengers, special counsel Caspar Weinberger was instructed by the court to prepare the "findings of fact" upon which the injunction was based. Hamilton W. Budge, lawyer for the scavengers, filed objections to Weinberger's findings, however, and submitted a set of findings of his own. The June 21 hearing to settle the dispute was the result.

Budge explained that it is important to his clients that the injunction he meticulously worded because he is attempting to establish a record upon which an appeal will be based.

Once the findings have been settled, the injunction will become official. Budge said, however, that he will apply for a stay so that the scanengers may continue to dump while the appeal is being decided. That would require additional court hearings.

Meanwhile, the dump site is being filled at the rate of 1,500 tons of garbage a day.

SSF Combo Will Play In 'Music'

"The Royal Family," a rock-and-roll combo from South San Francisco, will entertain the audience with a pre-curtain recital at the "Say It With Music" stage show and after-performance buffet, Joe Mottola, president, Daly City - Colma Lions Club, announced last week.

The affair, jointly sponsored by the Daly City - Colma Lions and the St. Francis Heights Dance and Music Guild, is slated for 8 p.m., Saturday, June 17, at the Daly City War Memorial Center, 6655 Mission Street.

"Say It With Music" is a two - pronged benefit show and supper launched to help replenish the depleted Youth Welfare Fund of the local Lions Club and to enable Girl Scout, Troop 8 towards a three-week vacation in Washington, D.C., in August.

Troop 8 has been engaged in this fund raising project since 1964 and after three years of sustained effort, monies derived from the sale of "Say It With Music" tickets may give the girls sufficient wherewithal to make the long - sought tour come true.

The Youth Welfare Fund of the Daly City - Colma Lions is the treasury that enables the Club to support worthy charitable and community causes such as Guide Dogs for the Blind, the Lions Eye Bank, Boy Scouts of the Peninsula and San Francisco, Operation Santa Claus and in some instances, financially handicapped families in the area.

Due to over - extended contributions in the first quarter of '67, the Youth Welfare Fund rapidly diminished and needs replenishment, Ira Neville, secretary - treasurer of the Lions Club said.

Before the curtain raises for the "Say It With Music" performance, the "Royal Family" combo, featuring Organist Lee Parvin of Linda Mar, and Len Spingola, a drummer, who lives at 138 Cherry Avenue, South San Francisco, will demonstrate their musical talent.

Both boys are 13 years of age.

Cite Wife In Speed Smashup

A 17-year-old San Bruno housewife was cited for reckless driving yesterday after, it was alleged, she deliberately speeded around a sharp fog-wet curve on Cabrillo Highway north of San Gregorio.

The car crashed, injuring the driver, her husband and three hitchhikers they had picked up in Half Moon Bay.

Cited into juvenile court was Mrs. Barbara Jane Bennison of 1145 Montgomery Street. Highway Patrolman M. D. Hoctor estimated her speed at 60 miles an hour around the curve, which is posted for a safe speed of 45 miles an hour and which, the officer said, should have been taken at no more than 35 because of conditions.

Occupants of the car told the officer that Mrs. Bennison had been driving more than 100 miles an hour through alternate heavy fog and drizzle that had left the roadway slick. As she approached the curve, the victims said, she boasted that she would negotiate it faster than the posted speed.

The car slid out of control, crashed into an embankment, spun around and skidded backward into another bank.

Mrs. Bennison and two of the hitchhikers, Aulda Young, 20, of the USS Ranger at Alameda Naval Air Station, and Odile de Lobado Faire, 20, of San Francisco, were treated in the emergency room at Sequoia Hospital. Also hurt, but not requiring hospital treatment, were Charles Bennison, 19, and Michael Godsey, 21, of San Francisco.

LADY KILLER — Tommy Martinez of Pacifica gets a sound bussing from two young admirers, Debbie Piccolotti (left) and Lisa Cuneo (right) — both of Daly City. The trio is part of the cast of 105 singers and dancers of the "Say it With Music" stage show slated for 8 p.m. Saturday, June 17 at the Daly City War Memorial Center, 6655 Mission Street. The affair is being jointly sponsored by the St. Francis Heights Dance and Music Guild and the Daly City-Colma Lions Club.

Jeff Hi Glee Club Helps Benefit Show

The Glee Club of Jefferson High School, Daly City, will help swell ticket sales to the "Say It With Music" stage show and after-show buffet slated for Saturday, June 17, at the Daly City War Memorial Center, 6655 Mission Street, Daly City.

The announcement was made yesterday by Gil. Crane, leader of the 30-member Glee Club, who said his singing group will help the benefit affair that is being jointly sponsored by the Daly City-Colma Lions Club and the St. Francis Heights Dance & Music Guild, 405 Lakeshire Drive, Daly City.

Said Cranen "The Daly City-Colma Lions financially aided our Glee Club when we made our recent trip to Las Vegas to participate in the national glee club competition. Now that we find the Lions Club with a depleted Youth Welfare fund, we feel we can return a favor by helping the Lions replenish their fund."

Presently, three other organizations in addition to the Glee Club are out selling tickets in behalf of the Youth Welfare Fund. These are Troop 8, Girl Scouts of Daly City and Colma; members of the Daly City-Colma Lions Club; and the St. Francis Heights Dance & Music Guild.

"DENTAL HEALTH FACTS"

What is malocclusion?

Malocclusion is irregularity of tooth position and poor fitting together of the teeth on closing the jaws. Such irregularity not only may interfere with chewing and with speech but also may lead to disease of the gums and other supporting structures of the teeth (periodontal disease). Malocclusion may also produce deformities of the face.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extractions for some; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth. Dentures are not as efficient as healthy, natural teeth.
